Web Radio Chris Priestman,2002 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

**Microradio & Democracy** Greg Ruggiero,2011-01-04 Microradio and Democracy discusses the role of citizen access to communications in a democratic society and how diversity localism and core political speech are undermined by corporate control of the public airwaves Ruggiero examines the emergence of microradio activism in recent court cases and the links between the microradio struggle and larger movements for democracy and social justice Illustrated with photos and graphics this book will be of interest to anyone concerned about keeping free speech for communities not corporations *Poems for the Nation* Allen Ginsberg,2000-01-03 Throughout the last year and a half of his life Allen Ginsberg phoned many of his poet friends to ask if they had any social verses opposing America's rightwing drift or otherwise speaking their current political minds This volume presents the perceptive and visionary poems that Ginsberg collected with selections based on his notes and also includes writings from contributors to Planet News an historic tribute to Allen Ginsberg that was held at New York City's St John the Divine Cathedral in May 1998

**The WTO** Lori Wallach,Michelle Sforza,2011-01-04 In this groundbreaking pamphlet directors of Ralph Nader's Public Citizen group examine the first five years of the World Trade Organization's track record demonstrating how the WTO aims to create a new global economic system that increases corporate profit with little regard for social and ecological impacts or democratically enacted law Wallach and Sforza make clear recommendations for altering the undemocratic course that the WTO imposes on democratic society

Censored 1999 Peter Phillips,Project Censored,1999-04-06 The yearly volumes of Censored in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories Beyond the Top 25 stories additional chapters delve further into timely media topics The Censored News and Media Analysis section provides annual updates on Junk Food News and News Abuse Censored D j Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world In the Truth Emergency section scholars and journalists take a critical look at the US NATO military industrial media empire And in the Project Censored International section the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world A perennial favorite of booksellers teachers and readers everywhere Censored is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us *The Progressive Guide to Alternative Media and Activism* Project Censored (U.S.),1999 An extensive list of progressive and alternative media offering people direct access to the uncharted world of alternative investigative news from the longest running media research project in the US *It's the*

Media, Stupid John Nichols, Robert Waterman McChesney, 2000 Open Media Series Number 17 Provides an analysis of the current crisis in the media in the US which the authors argue has undermined democracy and has fallen into the hands of a small number of transnational conglomerates that use their political and economic power to carpet bomb the citizenry with commercial messages Also presents ways in which the media system can be improved and made more responsive to the needs of ordinary people and less dominated by those of the financial and advertising industries     *Critical Cultural Policy Studies* Justin Lewis, Toby Miller, 2008-04-15 Critical Cultural Policy Studies A Reader brings together classic statements and contemporary views that illustrate how everyday culture is as much a product of policy and economic determinants as it is of creative and consumer impulses     *Micro Radio and the FCC* Andrew Opel, 2004-05-30 Micro Radio became a lightening rod for the emerging Media Activism and Reform Movement Like the environmental movement in the 1960s and 70s that focused on specific issues like nuclear power the Media Activism Movement discovered a significant formative issue in micro radio at the turn of the millennium This book is a close examination of the struggle over micro radio Throughout this research micro radio is viewed as a site of social activity a unique cultural and historical bond where ideas about the relationship between media and democracy are explored This work is the first to spotlight this emerging social movement and uses critical historical analysis to provide a description of it The information in this book shows the struggle over micro radio as the most recent manifestation of a growing social movement a movement of media activism and reform As local people took to the airwaves illegally broadcasting the frivolous to the serious theoretical concepts such as localism and public access suddenly became grounded in a real world radio show Micro radio broadcasters were able to demonstrate what is left out of most mainstream media They showed what could happen when a diverse public is allowed to access the most universal telecommunications of the day This look at micro radio will be valuable to communications students who are interested in the strategies behind media and social movements alternative media and news media practices     2004
