**Optimal Mobility and Function across the Lifespan** Ronald F. Zernicke, David Arthur Hart, 2021-03-12  
**Exercise and the Brain** Robert W. Baloh, 2022-10-28 This book focuses on the benefits of exercise for prevention and treatment of chronic brain disorders It is a guide for finding the right exercise routine for each individual The goal is to show the reader why everyone needs to exercise especially as we get older The brain needs physical exercise both for normal health and for preventing and treating diseases common with aging How much exercise is needed As we see throughout the book there is no one fits all rule with regard to the amount of exercise required The key is to make exercise a part of one s daily routine The beneficial effect of exercise is transient lasting days to weeks so it must be a lifelong pursuit Can we exercise too much Anything done in excess can potentially be dangerous but with the common sense approach outlined in this book anyone regardless of underlying health condition can find some type of exercise that is safe and effective

**Games and Play in HCI** Kathrin Gerling, Ioanna Iacovides, Marc Herrlich, Z. O. Toups, 2021-08-03      **The Ordered Day** James Ker, 2023-03-21 Traces how the day has served as a key organizing concept in Roman culture and beyond How did ancient Romans keep track of time What constituted a day in ancient Rome was not the same twenty four hours we know today In The Ordered Day James Ker traces how the day served as a key organizing concept both in antiquity and in modern receptions of ancient Rome Romans used the story of how the day emerged as a unit of sociocultural time to give order to their own civic and imperial history Ancient literary descriptions of people s daily routines articulated distinctive forms of life within the social order And in the imperial period and beyond outsiders such as early Christians in their monastic rules and modern antiquarians in books on daily life ordered their knowledge of Roman life through reworking the day as a heuristic framework Scholarly interest in Roman time has recently moved from the larger unit of the year and calendar to smaller units of time especially in the study of sundials and other timekeeping technologies of the ancient Mediterranean Through extensive analysis of ancient literary texts and material culture as well as modern daily life handbooks Ker demonstrates the

privileged role that small time played and continues to play in Roman literary and cultural history Ker argues that the ordering of the day provided the basis for the organizing of history society and modern knowledge about ancient Rome For readers curious about daily life in ancient Rome as well as for students and scholars of Roman history and Latin literature The Ordered Day provides an accessible and fascinating account of the makings of the Roman day and its relationship to modern time structures

Dr Nick Fuller explains the six key principles behind successful sustainable weight loss. He addresses all the common pitfalls and the hurdles women face and provides simple effective advice based on his work with women facing similar issues. Containing delicious recipes and meal plans, *Interval Weight Loss for Women* allows you week by week to take back control of your body and to stop the yo yo dieting for good. Odyssey William J. Kelly, Deborah L. Lawton, 1997-06. With its encouraging tone, careful explanations and abundance of carefully sequenced and incrementally challenging exercise sets, *Odyssey* enables readers to view writing as a means of discovering more about themselves and their surroundings. The text's organization and self-contained chapters within each part ensure cumulative skill development and allow flexibility in course design. In every chapter, the book offers a progression of exercises that begin with comprehension and practice of fundamental concepts. Some exercise sets focus on invention and the writing of short pieces. Readers can then proceed to exercises that call for critical thinking, drafting and revision. Grammar mechanics and punctuation chapters conclude with summary editing exercises that call upon readers to use all the grammar and sentence skills learned in the chapter. Many chapters contain a pair of *Discovering Connections* exercises. The first, which falls early in the chapter, is a prewriting assignment with an array of topic possibilities. The second is a drafting and revision exercise based upon the prewriting and calls for peer review. For those interested in developing their writing skills at the paragraph to essay level.
