**Software Engineering, Artificial Intelligence, Networking and Parallel/Distributed Computing** Roger Lee,2022-11-18 This book presents scientific results of the 23rd ACIS International Summer Virtual Conference on Software Engineering Artificial Intelligence Networking and Parallel Distributed Computing SNPD2022 Summer which was held on

July 4-6 2022 at Kyoto City Japan The aim of this conference was to bring together researchers and scientists, businessmen and entrepreneurs, teachers, engineers, computer users and students to discuss the numerous fields of computer science and to share their experiences and exchange new ideas and information in a meaningful way. Research results about all aspects of theory, applications and tools of computer and information science and to discuss the practical challenges encountered along the way and the solutions adopted to solve them. The conference organizers selected the best papers from those papers accepted for presentation at the workshop. The papers were chosen based on review scores submitted by members of the program committee and underwent further rigorous rounds of review. From this second round of review, 15 of most promising papers are then published in this Springer SCI book and not the conference proceedings. We impatiently await the important contributions that we know these authors will bring to the field of computer and information science. [Metaversed](#) Luis

Bravo Martins, Samantha G. Wolfe, 2022-12-22. Understand the coming metaverse and discover how to look past the hype and harness the future of technology. Metaversed is an insightful discussion and analysis of the next rapidly approaching technological revolution. The authors deliver a compelling new exploration of how the metaverse and emerging technologies combine to define our collective future. In addition to identifying the business opportunities, the book pulls back the curtain on major safety and privacy issues that will arise and the expected shifts in both our private and social spheres. In the book, you'll understand how multiple industries will be changed and challenged in a 3D spatial world and how to navigate the future crypto-laden business landscape. Legal and policy considerations necessary to build and maintain safe shared digital spaces. The economic and social impacts, including the potential for our digital lives to outlive our physical selves. Actionable insights so you can make the most out of the next digital revolution. Metaversed is a can't-miss presentation of the most significant market opportunities and societal challenges posed by the metaverse. It also will empower readers to take positive action that avoids the same online mistakes that happened on social media and create more responsible tech usage habits in our personal and professional lives.
