The Metaverse Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn t require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the

philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world

Sports Management in an Uncertain Environment Bhaskar Basu, Michel

Desbordes, Soumya Sarkar, 2023-06-27 This edited book delves into several aspects of sports and sports management from a vantage of uncertainty and turbulence unleashed initially by COVID 19 The book divided into three broad sections deals in strategy and governance of sports organizations use and evolution of technology in sports and sports consumption and media It starts from the backdrop of how sport assumed a new found importance in people s lives while reeling under several phases of pandemic induced lockdowns Consumers felt how integral sports was in their lives when there were no live games to watch and bond on Players leagues organizers and media are still recovering along with viewers as sports makes a tentative comeback in our lives COVID 19 was a precursor of the disruptions to come Both the supply and demand sides have taken note of those disturbances to prepare themselves for any such potential derailments The organizations franchises athletes media health care logistics on sports have been reworking their strategies to keep coping with uncertainties On the other hand the consumers have transformed their sports consumption behavior over these two years aided by the enormous technological changes Such a backdrop paved the way for researchers to understand how the sports industry has dealt with this impact and has rediscovered itself to take its coveted spot This book is a snapshot of several global sports changes and how they continue to evolve in an increasingly turbulent and uncertain world It will be a rich resource not only for academics studying sports management but also event management organizations administrators and policymakers
