william shakespeare's hamlet is one of the most famous tragedies in the beginning of the monologs to be or not to be that is the question whether it is better to suffer the slings and arrows of outrageous fortune or to take arms against a海王星 abstract fortune that never sleeps. it is a question that has been debated for centuries. the play is set in denmark and follows the story of prince hamlet, who returns to his kingdom to find that his father has been murdered by his uncle, claudius, who has taken the throne and married hamlet's mother, gertrude. hamlet is determined to avenge his father's death and to expose the truth about his death. he is helped by his friend, horatio, and his mother's ghost, who appears to him and tells him the truth about his father's death. hamlet's journey to avenge his father's death is filled with obstacles, including his own indecision and the manipulation of his mother and uncle. the play is a classic example of a tragedy and is considered one of the greatest works of literature.
