Luxury Marketing and Brand Strategy Květa Olšanová, Gina Cook, Marija Zlatić, 2025-09-02 This text provides a comprehensive and strategic overview of luxury marketing and brand management guiding brands to balance tradition with innovation as they navigate modern challenges and seize opportunities in a rapidly evolving global market. The book explores the core aspects of luxury branding including the defining traits of luxury brands, the dominance of major luxury groups and the resilience of independent brands with storied histories. It explores the delicate balance required to maintain a brand's luxury status amidst evolving consumer expectations, technological advancements and sustainability concerns. Students will gain insight into innovative marketing strategies from the use of NFTs and blockchain to the integration of AI and the metaverse in enhancing customer experiences. Offering a clear and engaging pathway through the complexities of luxury brand management, the authors draw on their extensive academic and professional experience presenting a rich blend of theoretical insights and real world global and cross industry case studies from prestigious brands like Cartier, Van Cleef & Arpels, Chanel, Ferrari, Orient Express and many others. This textbook is designed to be the cornerstone for advanced undergraduate and postgraduate courses in luxury marketing and luxury brand management. With a focus on the latest trends and future directions in luxury marketing, *Luxury Marketing and Brand Strategy* is not only an academic resource but also a practical guide for navigating and succeeding in the dynamic luxury market. Online resources include PowerPoint lecture slides for each chapter, sample answers for discussion questions and a test bank. Leadership in the Metaverse Carol A. Poore, Ph.D., 2023-02-21 Are you ready for the metaverse and what it will take to be an effective human leader in multiple immersive digital physical worlds? *Leadership in the Metaverse* will help you transform Web3, also called WebMe, into WebWe. The metaverse, a more immersive internet, is evolving rapidly. *Leadership in the Metaverse* shares a new playbook to help you develop essential leadership skills needed to bridge our forever hybrid digital physical human life on planet Earth and build cohesive communities of strategy and impact. While the metaverse is being described as Web3 and WebMe, Dr. Carol A. Poore addresses head-on both metaverse innovation and expected societal challenges. She provides deep insight about leadership, participative strategy and community building and essential communication skills so you can be prepared to lead in a metaverse world where virtual reality, 3D holograms and human avatars will fascinate, captivate and permanently change the way we live, work and play. *Leadership in the Metaverse* will help you Maximize the metaverse as a human relationship building tool. Bring people and communities closer together rather than further apart. Bond, bridge and link hybrid worlds to build cohesive teams, work groups, organizations, boards of directors and communities. Communicate effectively, connecting people with your organization's purpose and future. Build Big C communities that lead to action and results that matter. Dr. Carol A. Poore, author, speaker and strategist, has been delivering effective leadership and transformational strategic planning results for more than 25 years. She has served in corporate

higher education and nonprofit senior leadership and chief executive positions led community planning initiatives and has advised small businesses nonprofits local community organizations and government entities during legacy shaping times of change through her consultancy Poore Associates She serves on the faculty at Arizona State University Dr Poore is the author of Strategic Impact A Leader's Three Step Framework for the Customized Vital Strategic Plan Fast Company Press and Building Your Career Portfolio Cengage Learning published in English German and Korean **The National Observer Index**, 1976 Vols for 1969-75 include section Top news of the week in review *Regulating the Metaverse* Ignas

Kalpokas, Julija Kalpokienė, 2023-01-26 The metaverse seems to be on everybody's lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies
