[Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape](#) Miguélez-Juan, Blanca, Bonales-Daimiel, Gema, 2023-01-09

In a globalized world full of noise, brands are constantly launching messages through different channels. For the last two decades, brands, marketers, and creatives have faced the difficult task of reaching those individuals who do not want to watch or listen to what they are trying to tell them. By producing fewer ads or making them louder or more striking, more brands and communications professionals are not going to get those people to pay more attention to their messages; they will only want to avoid advertising in all media. The Handbook of Research on the Future of Advertising and Brands in the New Entertainment Landscape provides a theoretical, reflective, and empirical perspective on branded content and branded entertainment in relation to audience engagement. It reviews different cases about branded content to address the dramatic change that brands and conventional advertising are facing. Short-term covering topics such as branded content measurement tools, digital entertainment culture, and government storytelling, this major reference work is an excellent resource for marketers, advertising agencies, brand managers, business leaders, and managers, communications professionals, government officials, non-profit organizations, students, and educators of higher education, academic libraries, researchers, and academicians.

[Shopping in Virtual Stores](#) Milena Hake, 2025-08-03

How can immersive virtual environments reshape the way Generation Z shops? Discover how virtual stores in the metaverse could revolutionize shopping for Gen Z. This study investigates the customer experience in virtual stores, its sensory, emotional, cognitive, social, and immersive dimensions, and their influence on Gen Z's behavioral intention to use virtual stores as a new shopping channel in the future. Drawing on a comprehensive analysis of 95 virtual stores and survey data from over 300 online shoppers, the findings reveal unexpected consumer patterns: introverts with no VR experience and non-gamers exhibit a notably high openness toward virtual shopping environments. The study further identifies Gen Z's preference for virtual stores that seamlessly integrate the strengths of both physical and e-commerce shopping. This book

offers a data driven roadmap for designing engaging future ready virtual shopping experiences that resonate with the next generation of digital consumers Dive into the future of immersive online shopping and learn how to engage and retain the next generation of consumers [Advances in Fashion and Design Research](#) Ana Cristina Broega,Joana Cunha,Hélder Carvalho,Bernardo Providênci,2022-10-19 This book offers a multidisciplinary perspective on research and developments at the interface between industrial design textile engineering and fashion It covers advances in fashion and product design and in textile production alike reporting on smart and sustainable industrial procedures and 3D printing issues in marketing and communication and topics concerning social responsibility sustainability emotions creativity and education It highlights research that is expected to foster the development of design and fashion on a global and interdisciplinary scale Gathering the proceedings of the 5th International Fashion and Design Congress CIMODE 2022 held on July 4-7 2022 in Guimarães Portugal this book offers extensive information and a source of inspiration to both researchers and professionals in the field of fashion design engineering communication as well as education
