People, Preferences and Prices Eugene Galanter, Howard Moskowitz, Matthias Silcher, 2011 This book explores a variety of topics that fall in the realm of psychological and behavioral economics. It demonstrates to the reader how to perform straightforward experiments in order to understand how people think about the economic aspects of their daily lives. Behavioral economics is a hot new area of economics and consumer psychology. This book provides a comprehensive guide on consumer research and the types of results required. These approaches are spreading further around the globe thanks to the work of Dr. Howard Moskowitz one of the authors of this book and the incredible success of *How to Make Money on eBay - The Complete Series* Jill b., 2015-01-27. How to Make Money on eBay - Maximize Profits Jill b., 2014-11-08. Secrets of a 16 year Full Time Seller and Pioneering Power Seller. Have you sold some items but are looking for more to sell? Are you looking to expand your eBay business but don't know where to start? This is NOT a garbage book written by someone with little or no eBay experience describing what eBay is and what an eBay business is. I have made a full time living selling on eBay since 1998. I started selling on eBay in my college dorm room. Within 2 years I had made enough money to cover 2 years of Ivy League college tuition. I was one of the pioneering Powersellers. In the nearly two decades of selling on eBay I have been through and survived many economic booms and busts. I am now moving further into the countryside and semi retiring from eBay selling. In this book I will reveal all my closely guarded secrets to selling on eBay including my best retail sources, how to maximize profits using retail arbitrage, how to find deals from both online and brick and mortar stores, how to reduce risk and shipping costs. This book is NOT for eBay novices. This book assumes the reader has some knowledge of selling on eBay. The ideas in this book apply to all sellers. The details apply to US based sellers. This book is NOT a get rich quick scheme. Selling on eBay is easy. But it can also be hard. If everyone could get rich selling on eBay everyone would be doing it. I will not build castles in the air for you. I will not tell you that you can make money on eBay by selling unspecified items from unspecified wholesalers. I will not give you a

list of toys and tell you to go on Craigslist to find them I will not claim that I work two hours a day selling on eBay and make thousands a month Come ON Get real Selling on eBay is a BUSINESS and I have been in this business long enough to know that there are no guarantees regardless of past performances Instead I will give you the TOOLS to help you find products and to TOOLS to help you maximize your profits on eBay Unlike other eBay authors I do not recommend buying stock wholesale to resell on eBay I will explain why in this book I do not look for items to sell at garage sales or storage auctions Finding a niche market is great but I will show why you do not need to have a niche to make money on eBay Instead I will show you how to maximize profits with tricks on how to get the best deals on NEW items from retail sources like Staples Kohl's Target and MORE SOME OF THE TRICKS REVEALED IN THIS BOOK ARE NOT FOR THE FAINT OF HEART I provide many tools secrets and tips in this book and hope that it will help you to thrive on eBay in good times and survive in bad times Are you ready to maximize your profits Buy This Book Today How to Be a Grown Up Raffi Grinberg, 2025-03-25 Raffi Grinberg is a born teacher I wish all twentysomethings could take his class and now with How to Be a Grown Up they can Jonathan Haidt bestselling author of The Anxious Generation This is an absolute must read for every person in their twenties Lori Gottlieb New York Times bestselling author of Maybe You Should Talk to Someone What Color Is Your Parachute meets I Will Teach You To Be Rich for twentysomethings Raffi Grinberg who created and taught the ever oversubscribed college course Adulting 101 offers a practical guide to adult life's greatest mysteries that were never taught in school but should have been including how to launch your career find your purpose for right now invest your money and much more Though twenty and thirty somethings are better educated than ever before essentially none of the topics critical to being a full fledged adult such as how to get a new job create a budget file your taxes face rejection and navigate family dynamics are covered in lower or higher education Fortunately here is a book that does just that From entrepreneur Raffi Grinberg who lived and learned the hard way throughout his twenties here is a crash course in everything you need to know to be a grown up Based on his wildly popular Adulting 101 course at Boston College Grinberg firmly steers you through the basics of being a grown up using interactive chapters bite size nuggets of wisdom humor and stories from his twenties including nearly going broke having bad credit disappointing his parents and much more As Raffi tells his students I want you to have a quarter life crisis now so that you won't have a mid life crisis later A MUCH NEEDED BOOK FOR YOUNG ADULTS Creator and teacher of the undergraduate college course Adulting 101 Raffi Grinberg crafted a foolproof curriculum that became one of the department's most in demand and highest rated classes Like his course this book answers a need for young people who will inevitably discover that most of what they learned in school does not apply to their lives and that the things they need to know most were never taught to them TIMELY ADVICE FROM A TRUSTED SOURCE This is not advice from your parents' generation Grinberg now in his thirties has recently faced some of the present concerns of people in their twenties This life skills book helps readers unlearn outdated unrealistic advice with guidance that reflects life's current realities and opportunities
