### **Specialty Retailers -- Marketing Triumphs and Blunders** Ronald D. Michman,Edward M. Mazze,2001-02-28

Michman and Mazze present five key variables that retailing executives in nine specialty businesses must understand and work with to gain and sustain competitive advantage in their competitive environments Innovation target market segmentation image development physical store decor and human resource managementf are identified and examined Authors argue convincingly from research and practical experience that these fundamental considerations are crucial to achieving competitive dominance With up to date analyses and extensive coverage of e commerce and internet retailing as well their book is essential for retailing executives Michman and Mazze find that successful specialty retailers are not all things to all customers and do not try to be They are however the first to apply new technologies Authors analyze the development of specialty stores in the U S and tie their variables together in an epilogue Along the way they make clear that by focusing on their five critical variables we can understand how marketing successes come about and what causes blunders in the nine highly important store categories under their examination here They point out that not all of their variables need be used concurrently Some may be more critical than others and this depends on environmental and competitive conditions Backing it all up is meticulously developed evidence from their research and personal experience all of it presented readably and in a way that practitioners can understand and immediately apply *The New Technology Elite* Vinnie

Mirchandani,2012-03-27 How to guidance for optimizing incumbent technologies to deliver a better product and gain competitive advantage Their zip codes are far from Silicon Valley Their SIC codes show retail automobile or banking But industry after industry is waking up to the opportunity of smart products and services for their increasingly tech savvy customers Traditionally technology buyers they are learning to embed technology in their products and become technology vendors In turn if you analyze Apple Google Amazon Facebook Twitter and eBay you marvel at their data centers retail stores application ecosystems global supply chains design shops They are considered consumer tech but have better technology at larger scale than most enterprises The old delineation of technology buyer and vendor is obsolete There is a new definition for the technology elite and you find them across industries and geographies The 17 case studies and 4 guest columns spread through *The New Technology Elite* bring out the elite attributes in detail Every organization will increasingly be benchmarked against these elite and soon will be competing against them Contrasts the productivity that Apple Google and others have demonstrated in the last decade to that of the average enterprise technology group Reveals how to leverage what companies have learned from Google Apple Amazon com and Facebook to your company s advantage Designed for

business practitioners CEOs CFOs CIOs technology vendors venture capitalists IT consultants marketing executives and policy makers Other titles by Vinnie Mirchandani The New Polymath Profiles in Compound Technology Innovations If you are looking to encourage technology innovation look no further The New Technology Elite provides the building blocks your company needs to become innovative through incumbent technologies      **Introduction to Information Systems** R.
