Paypal Science Experiments Deal:

Innovation, Between Science and Science Fiction Thomas Michaud, 2017-06-29 Fantasy and science fiction are both involved in the process of innovation in techno scientific societies Long regarded as a hindrance to rationality and to science science fiction has become the object of praise in recent decades Innovative organizations use science fiction to stimulate the creativity of their teams and more and more entrepreneurs are using its influence to develop innovation Scientific practice relies in part on an imaginary dimension The mapping of the technical imagination of science fiction has become an important strategic issue as has its patentability The conquest of space the construction of cyberspace and virtual reality biotechnologies and nanotechnologies are all at the center of futuristic fictions that participate in scientific speeches and discoveries

Make Elephants Fly Steven S. Hoffman, 2017-11-14 Drawing on examples of the hottest innovators in Silicon Valley this step by step guide will show you how to develop test and launch your impossibly big idea to success Almost every major company today has made innovation its number one priority Yet fewer than one in four executives believe their organizations are effective innovators The pressure to innovate and the price paid for failure keeps rising while most companies haven't progressed at all They are still using the same antiquated techniques pioneered decades ago This is why some of the biggest corporations in the world manage to lose entire markets to startups they've never heard of In today's world everyone will need to innovate to stay competitive It doesn't matter if you're a startup founder corporate executive small business owner freelancer or professional there's a technology out there that's going to upend your industry And if you aren't able to harness it to your advantage someone else will Innovation is no longer an option it's the price of admission into the business world *Make Elephants Fly* is designed to help you implement the same innovation methodologies and processes as Silicon Valley startups It will teach you How startups come up with breakthrough products and services How to structure innovation teams The best ways to identify and vet new ideas What it takes to foster a culture of innovation How to establish a process of innovation throughout your organization By the time you've digested this book you will have the tools needed to take your impossibly big idea and make it fly
