Children's Literature in the Classroom

Matthew D.

Zbaracki,2023-12-06 Children s literature is a powerful resource that can inspire a young reader s lifetime love of reading but how can you ensure that your literacy teaching uses this rich creative world to its fullest This book gives pre service primary teachers an in depth guide to each major type of children s book examining the form structure and approach of each From fairy tales and non fiction to picture books and digital texts learn what qualities underpin outstanding children s literature and how you can use this to inspire rewarding learning experiences in your classroom Key features Each chapter is full of key book recommendations to help you select excellent age appropriate texts for your learners An international focus across English language publishing covering key books from Australian US and UK authors A special focus on Australian indigenous children s literature Busting popular myths about children s literature to give you a deeper understanding of the form Evaluation criteria for every genre helping you to recognise the qualities of high quality books This is essential reading for anyone training to teach in primary schools and qualified teachers looking to improve their professional knowledge

Matthew Zbaracki is State Head of Victoria in the National School of Education at ACU Melbourne

Doing History

Linda S. Levstik,Keith C. Barton,2022-09-06 Now in its sixth edition Doing History offers a unique perspective on teaching and

learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The book is grounded in the view that children can engage in valid forms of historical inquiry asking questions collecting and analyzing evidence examining the varied perspectives and experiences of people in the past and creating evidence based historical accounts and interpretations Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing and discussion The authors explain how these classrooms reflect contemporary principles of teaching and learning and thus the descriptions not only provide specific examples of successful activities but

also place them in a context that allows teachers to adapt and apply them in a wide range of settings Doing History emphasizes diversity in two ways Readers encounter students from a variety of backgrounds and see how their diverse experiences can form the foundation for learning and they also see examples of how teachers can engage students with diverse experiences and perspectives in the past including those that led to conflict and oppression The book also discusses principles for working with English learners and newcomers and it provides guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning Updates to this edition include updated historical and instructional examples to ensure currency new suggestions for children s literature to support good teaching expanded attention to teaching about oppressed groups in history and greater attention to when historical perspective taking is and is not appropriate *The Elementary School Library Collection, Phases 1-2-3*,1998
