## Antenna/Interference information

Interference with other equipment and can be interfered from other equipment. This also applies for DECT requirement. However due to the very low transmission power level the chances for interference are very small. Research proves that operational DECT phones, normally don't influence electronic equipment. However some precautions must be taken into account for sensitive electronic equipment e.g. sensitive laboratory equipment, when DECT phones operate in straight response of sensitive electronic equipment. Incidental influence can appear. You are advised not to place the DECT phone on or close (less than 10cm) to this kind of equipment, even in standby mode. Please also use the other documentation supplied with the various parts of your telephone system.

## Product disposal information

### For countries in the European Union

 The symbol depicted here has been affixed to your product in order to inform you that electrical and electronic products should not be disposed of as municipal waste.

Electrical and electronic products including the cables, plugs and accessories should be disposed of separately in order to allow proper treatment, recovery and recycling. These products should be taken to a designated facility where the best available treatment, recovery and recycling techniques are available. Separate disposal has significant advantages; valuable materials can be re-used and it prevents the dispersion of unwanted substances into the municipal waste stream. This contributes to the protection of human health and the environment.

Please be informed that a fine may be imposed for illegal disposal of electrical and electronic products via the general municipal waste stream. In order to facilitate separate disposal and environmentally sound recycling, arrangements have been made for local collection and recycling. In case your electrical and electronic products need to be disposed of, please refer to your supplier or the contractual agreements that your company has made upon acquisition of these products.

At [www.nec-philips.com/weee](http://www.nec-philips.com/weee) you can find information about separate disposal and environmentally sound recycling.

### For countries outside the European Union

Disposal of electrical and electronic products in countries outside the European Union should be done in line with the local regulations. If no arrangement has been made with NEC Philips Unified Solutions or your supplier, please contact the local authorities for further information.

## Battery disposal information

Empty or exhausted batteries should never be disposed of as municipal waste. Return old batteries to the battery supplier, a licensed battery dealer or a designated collection facility. Do not incinerate batteries.

## Embracing the Song of Expression: An Emotional Symphony within **Nec I755 Manual**

In a world taken by monitors and the ceaseless chatter of immediate transmission, the melodic splendor and mental symphony created by the published word frequently fade into the background, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Nec I755 Manual** an enchanting literary treasure full of natural emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this charming masterpiece conducts readers on a psychological trip, skillfully unraveling the concealed melodies and profound influence resonating within each carefully crafted phrase. Within the depths of the touching examination, we will discover the book's key harmonies, analyze their enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
