[The Metaverse](#) David Burden, Maggi Savin-Baden, 2024-09-24 The Metaverse: A Critical Introduction provides a clear, concise and well-grounded introduction to the concept of the Metaverse: its history, the technology, the opportunities, the challenges and how it is having an impact on almost every facet of society. The book serves as a stand-alone introduction to the Metaverse and as an introduction to the range of topics that will be covered by the specialist volumes in The Metaverse Series. Key Features: a concise history of the Metaverse idea and related implementations to date; an examination of what the Metaverse actually is; an introduction to the fundamental technologies used in the Metaverse; an overview of how the different uses and aspects of the Metaverse are having an impact on our lives across multiple disciplines and social contexts; a consideration of the opportunities and challenges of the evolving Metaverse and a sense of how the Metaverse may mature over the coming decades. This book is a primer and Metaverse reader drawing on academic research and practical and commercial experiences and taking inspiration from the science fiction origins and treatments of the Metaverse. The book explores the use of the increasing number of virtual worlds and proto-Metaverses which have existed since the late 1990s and includes a critical consideration of recent developments in cryptoworlds and mixed reality. The aim is to provide professional and lay readers, researchers, academics and students with an indispensable guide to what counts as a metaverse, the opportunities and challenges and how the future of the coming Metaverse can best be guided.

**Shopping in Virtual Stores** Milena Hake, 2025-08-03 How can immersive virtual environments reshape the way Generation Z shops? Discover how virtual stores in the metaverse could revolutionize shopping for Gen Z. This study investigates the customer experience in virtual stores: its sensory, emotional, cognitive, social and immersive dimensions and their influence on Gen Z's behavioral intention to use virtual stores as a new shopping channel in the future. Drawing on a comprehensive analysis of 95 virtual stores and survey data from over 300 online shoppers, the findings reveal unexpected consumer patterns: introverts/individuals with no VR experience and non-gamers exhibit a notably high openness toward virtual shopping environments. The study further identifies Gen Z's preference for virtual stores that seamlessly integrate the strengths of both physical and e-commerce.
