Embracing Chatbots in Higher Education Alexander M. Sidorkin, 2024-03-28 This book explores the integration of AI powered chatbots such as ChatGPT into higher education for instructional and communication purposes The author emphasizes the responsibility of higher education institutions to equip students with advanced skills for writing with AI assistance and prepare them for an increasingly AI driven world Offering numerous practical tips the book demonstrates how universities can increase student success and stem the rising cost of higher education by employing AI tools The chapters discuss streamlining tasks such as grading providing feedback and handling administrative duties to show how educators can be enabled to focus on more meaningful aspects of their work The author also reflects on the philosophical and ethical considerations and potential pitfalls of relying on AI in higher education including concerns about academic integrity and the importance of human input in the learning process The author offers a responsible and informed approach to incorporating the new powerful tools into the academic landscape This volume will be a key resource for higher education faculty and

administrators seeking to navigate the complex intersection of AI and writing **Scaling Generative AI** Amit Prabhu, 2025-06-03 This book contains the operational readiness framework providing step by step guidance to enterprises to prepare themselves for the scaled adoption of generative AI Different enterprises have reacted differently to the generative AI hype The real value of generative AI lies in the scaled adoption Only 10 percent of the enterprises have been able to scale A staggering 90 percent of them are lagging This has caused a huge gap between the scaling and lagging firms Closing this huge gap is a daunting task To bridge this gap enterprises must be operationally ready in the following four areas Customer Technology Data People This book contains the operational readiness framework providing step by step guidance to enterprises to prepare themselves for the scaled adoption of generative AI Although the framework is primarily for the executives leaders managers consultants strategists and transformation drivers at the lagging firms the scaling firms can use it to assess their current operational readiness levels and mitigate the prevailing gaps It can also provide useful insights to the entrepreneurs in the generative AI value chain to develop unique solutions Additionally it can help technology and management students to align themselves better to embrace new challenges of the corporate world they will soon enter The success of this book lies in how effectively the readers apply the framework at their workplace This book is not just about information it s all about transformation *The Algorithm* Hilke Schellmann, 2024-01-02 ANTHEM AWARD WINNER NAMED A FINANCIAL TIMES BEST BOOK OF THE YEAR 2024 AI is on the brink of dominating our lives threatening our privacy and human future if we don t take action now In *The Algorithm* Emmy award winning Wall Street Journal and Guardian contributor Hilke Schellmann delivers a shocking and illuminating expos on one of the most pressing civil rights issues of our time how AI has quietly and mostly out of sight taken over the world of work Schellmann takes readers on a journalistic detective story meeting job applicants and employees who have been subjected to these technologies playing AI based video games that companies use for hiring and investigating algorithms that scan our online activity to construct personality profiles including if we are prone to self harm She convinces whistleblowers to share results of faulty AI tools and tests algorithms that analyze job candidates facial expressions and tools that predict from our voices if we are anxious or depressed Schellmann finds employees whose every keystrokes were tracked and AI that analyzes group discussions or even predicts when someone may leave a company Her reporting reveals in detail how much employers already know about us and how little we know about the technologies that are used on us *The Algorithm* tells an even bigger story with Schellmann discovering faulty algorithms and systemic discrimination of women and people of color which may have already harmed thousands of job seekers and employees It advocates to go beyond these tools to more thoughtfully consider how we hire promote and treat human beings with or without AI As Schellmann emphasizes we need to decide how we build algorithmic tools in any industry and what protections we need to put in place in an AI driven world Hilke Schellmann is an Emmy award winning investigative reporter and journalism professor at NYU Her work covering artificial intelligence has been published

in The New York Times The Guardian the MIT Technology Review and The Wall Street Journal where she led a team investigating how AI is changing our lives She has also reported for NPR s Planet Money podcast on fake online reviews and her investigation for VICE on HBO was a finalist for a Peabody Award Her PBS Frontline documentary Outlawed in Pakistan premiered at the Sundance Film Festival and was honored with an Emmy award **Scientific American** ,1884 Monthly magazine devoted to topics of general scientific interest **AI Magazine** ,1995 *AI Expert* ,1990 *Official Gazette of the United States Patent Office* USA Patent Office,1885 PC AI ,1998 *Cumulative Title Index to United States Public Documents, 1789-1976* Daniel W.
