Thankfully, there's a bunch of memes floating around the internet that remind us of how hilarious video games can be. Whether it's the games or the gamers themselves, there's plenty of gaming topics to laugh out loud about. We don't like anything that takes us away from beautifully addicting moments of gaming: no food, no people, and no work responsibilities created for the sole purpose of ruining our winning streak. Sifting through these thirty-three video games memes though is the perfect way to spend your time while you're working or if you have one of your hands occupied by a hastily prepared sandwich.
