Practising Phonics

at Home and Out and About

If your child is learning phonics at school, you might want to support them at home but feel unsure of what to do.

You might feel that you haven't got the right knowledge or the right resources to help them. Don't worry though as the advice given here will help you to help your child with some activities. We have included lots of ideas to help you support your child's learning.

If you can't see what your child is learning, then you can't help them. So, ask your child to show you what they are learning. You can then help them to learn it. This is a good way to help them to learn it.

Using pictures to identify letters and their associated sounds Learning to read is one of life s most important skills and thus a crucial goal of the school curriculum Of the many strategies and tactics that help children become efficient readers no programs have proved more effective than those that include phonics Phonics helps students become independent readers by teaching them to sound out the new words they encounter Just knowing the name of each letter of the alphabet is not enough to attain this skill it is not enough to help them play the word in their heads It is important to know that vowels have long and short sounds that there are different ways of spelling a specific sound and that sometimes two consonants together create a whole new sound while in other combinations each consonant is sounded out separately The Phonics Practice Simplified program will help students develop and master these and other sound symbol relationships that are important building blocks for reading success
