**AI-Augmented Video Editor** HEBooks, *Editing video used to take forever. You'd spend more time cutting clips, syncing sound, and chasing consistency than actually telling your story. Enter AI, your new secret weapon. This book shows you how to use artificial intelligence to automate the boring parts of editing so you can focus on what matters: crafting powerful emotional audience-grabbing content. From smart scene detection to auto-generated timelines, voice cloning, real-time captions, and even AI-driven storytelling, this guide gives you the tools to work faster, smarter, and more creatively than ever before. No fluff. No jargon. Just actionable AI-powered techniques that turn hours of work into minutes and good videos into unforgettable ones. If you're ready to stop fighting the timeline and start shaping stories with AI by your side, this is your roadmap. Because the future of editing isn't just fast; it's intelligent. And it's already here.* *An Intelligent Video Editing Automate Framework Using AI and Computer Vision* Haolin Xie, Yu Sun, 2022. At present, many video editing software have been created, but what they all have in common is that they require manual work to edit. And it takes a lot of time, and the user needs to watch each frame before editing. In this paper, we

have developed a program about AI intelligence The most important point of this software is that it can automatically focus the face of a person and edit only selected clips of the person to make a complete video Users only need to prepare the video they want to edit and a photo of the main character Then upload both to the software and AI Intelligence will automatically edit it providing the user with a way to download and save it after editing the main character they need we applied our application to an example video using the Marvel character Hawkeye as he appears in End Game and tried many experiments with the clip eventually we tried many experiments with the clip and finally got a video of our selected character The results show that this software saves the user a lot of time and is highly efficient All operations are carried out by AI **AI's**
