Multitude Cross Cultural Readings For Writers:

Multitude Chitra Banerjee Divakaruni, 1993 Known for its upbeat approach MULTITUDE brings together a diverse spectrum of voices and issues that reflect our society. This anthology is divided into 10 broad themes and provides a variety of perspectives on the ways people connect across boundaries of ethnicity, class, gender, age, and geography. The 84 readings include essays, student essays, fiction, poetry, letters, and journals, and includes a diversity of lengths and difficulty. The second edition features 40% new selections and more writing activities and assignments that incorporate collaboration and research.

Literature and Ethnic Discrimination Michael J. Meyer, 2023-11-27 Even though universities and colleges make a concerted effort to foster unity and worldwide acceptance of different ethnicities by including politically correct literature in their curriculums, their attempts to protect students from being exposed to texts that portray discrimination and exhibit racial insensitivity are futile and ill advised. Texts that contain biases based on otherness continue to be written and those produced in the past remain relevant and still demand the attention of an audience of reader. In order to see the full picture of the world in which they live, students must face even that which is uncomfortable and disturbing. To think otherwise is to create an academic environment that is totally idealistic and distorts the fact that ethnic discrimination has been a potent reality in every society in history and remains so today. These studies in this volume allow readers to meet writers from the traditional American and European canon while also being exposed to third world writers whose work may be unfamiliar. They include memoirs of Holocaust survivors and even record the silencing of Italian women, Apartheid in South Africa, and tribal conflict in Nigeria, as well as transplanted Asian culture in Canada and the idolization of the black body in Japan. The collection permits a viewing of the ethnic other not merely in a politically correct way in which one samples the differences and nods approvingly. Rather, its intent is to offer opportunities for contemplative assessment of authorial motives and goals, thereby engendering a wealth of understanding based on active engagement rather than passive acceptance of the status quo.

Adult Esl Trudy Smoke, 2013-05-13 The essays in this book focus on political strategies, pedagogical models and community programs that enable adult ESL learners to become vital members of North American society. This is particularly important in our present time of contraction and downsizing in the education of non-native speakers. The authors represent a broad range of programs and perspectives but they all have in common the goal of enabling both faculty and students to become full participants in our society and thereby to gain control over their futures. Readers of this book will develop an understanding of the ways in which innovative educators are creating strategies for maintaining language programs and services.

Critical Perspectives on Chitra Banerjee Divakaruni Robin E. Field, Amritjit Singh, Samina Najmi, 2022-02-15 Critical Perspectives on Chitra Banerjee Divakaruni Feminism and Diaspora offers insights into Chitra Banerjee Divakaruni's provocative and popular fiction. In their engaging and comprehensive introduction, editors Amritjit Singh and Robin Field explore how Divakaruni's short stories and novels have been shaped by her own struggles as a new immigrant and by the

influences she imbibed from academic mentors and feminist writers of color Twelve critical essays by both aspiring and experienced scholars explore Divakaruni's aesthetic of interconnectivity and wholeness as she links generations races ethnicities and nations in her depictions of the diversity of religious and ethnic affiliations within the Indian diaspora The contributors offer a range of critical perspectives on Divakaruni's growth as a novelist of historical mythic and political motifs The volume includes two extended interviews with Divakaruni offering insights into her personal inspirations and social concerns while also revealing her deep affection for South Asian communities as well as an essay by Divakaruni herself a candid expression of her artistic independence in response to the didactic expectations of her many South Asian readers
