Specific topics covered include popular counseling theories used by school counselors working with special populations of students, application of the ASCA ethical standards, the administration of day to day tasks such as arranging an office space and managing your time and elements of the guidance curriculum including individual student planning, responsive services and systemic support. Each chapter contains activities, case studies, hypothetical situations and worksheets designed to facilitate your understanding of and role in the profession. All material presented is consistent with both the CACREP accreditation standards and the American School Counseling Association's National Model.
