**My Antonia** Willa Cather, 2009-06-01 *My Antonia* by Willa Cather is part of the Barnes some include illustrations of historical interest Barnes Noble Classics pulls together a constellation of influences biographical historical and literary to enrich each reader's understanding of these enduring works No romantic novel ever written in America is one half so beautiful as *My Antonia* H L Mencken Widely recognized as Willa Cather's greatest novel *My Antonia* is a soulful and rich portrait of a pioneer woman's simple yet heroic life The spirited daughter of Bohemian immigrants Antonia must adapt to a hard existence on the desolate prairies of the Midwest Enduring childhood poverty teenage seduction and family tragedy she eventually becomes a wife and mother on a Nebraska farm A fictional record of how women helped forge the communities that formed a nation *My Antonia* is also a hauntingly eloquent celebration of the strength courage and spirit of America's early pioneers Gordon Tapper is Assistant Professor of English at DePauw University He is the author of *The Machine That Sings Modernism* Hart Crane and the Culture of the Body from Routledge

**From Warm Center to Ragged Edge** Jon Lauck, 2017-06 During the half century after the Civil War intellectuals and politicians assumed the Midwest to be the font and heart of American culture Despite the persistence of strong currents of midwestern regionalism during the 1920s and 1930s the region went into eclipse during the post World War II era In the apt language of Minnesota's F Scott Fitzgerald the Midwest slid from being the warm center of the republic to its ragged edge This book explains the factors that triggered the demise of the Midwest's regionalist energies from anti midwestern machinations in the literary world and the inability of midwestern writers to break through the cultural politics of the era to the growing dominance of a coastal urban culture These developments paved the way for the proliferation of images of the Midwest as flyover country the Rust Belt a staid and decaying region Yet Lauck urges readers to recognize persisting and evolving forms of midwestern identity and to resist the forces that squelch the nation's interior voices

*Presentations of the 29th Annual SW/Texas Regional Meeting of the Popular Culture and American Culture Association* Gypsey Elaine Teague, 2008-12-18 Gender is an often misunderstood subject area even within the discipline even to those who teach and write about it One of my presenters when she first approached me to present at the conference asked What does my paper really have to do with gender To me the answer was obvious everything has to do with gender Gender is everywhere from the cradle to the grave What color blanket are we given at birth What clothes are we laid out in at death We are bombarded with advertisements specifically targeted at our gender either male female or somewhere in between We are judged by our gender which is often synonymous with our sex although in many of the presentations through the years it is becoming evident that more and more people understand the difference Our clothing food entertainment and reading material are all tied to gender in one form or another Gender is like the air It is all around us seldom thought of but always present In an area that spans literature politics sex religion and personal choices it is hard to get finite and clear cut delineations The contributors are the main focus here and I have just been the ringmaster

of this incredible circus of ideas Without them this could never have gone to press and it is all our hopes that you enjoy the volume and take something away from it that you did not anticipate

**The Likeness of Things Unlike** Sharon Cameron,2025-01-31 A study of the incommensurable often discordant elements that define major works of American literature In Sharon Cameron s essays a magnetic constellation gathers works of Emerson Whitman Dickinson Cather and Stevens each manifesting in its own terms the likeness of things unlike to form a loose commonality in a strain of American writing in which incommensurable elements can t be integrated and can t be separated The Likeness of Things Unlike is concerned with discordant elements of an aesthetic work and argues that these elements refigure the aesthetic wholes whose integrity they apparently violate These intertwined subversive elements are challenges to literary systems and are essentially philosophical in their rethinking of categories and thus go beyond the aesthetic particulars that exemplify them Cameron is known for rigorously and brilliantly connecting artistic achievement to radical ways of thinking Georg Lukc s describes the essayist as one who adapts himself to the essay s smallness of form the eternal smallness of the most profound work of the intellect in the face of life With The Likeness of Things Unlike Cameron powerfully demonstrates Luk cs s remarkable insight

**The Secret Agent** Joseph Conrad,2007-03 Set in early twentieth century London and inspired by an actual attempt to blow up the Greenwich Observatory The Secret Agent is a complex exploration of motivation and morality The title character Adolf Verloc is obviously no James Bond In fact he and his circle of misfit saboteurs are not spies but terrorists driven less by political ideals than by their unruly emotions and irrational hatreds Verloc has settled into an apparent marriage of convenience Family life gives him a respectable cover while his wife hopes to get help in handling her halfwit brother Stevie Instead Verloc involves Stevie in one of his explosive schemes an act that leads to violence murder and revenge Darkly comic the novel is also obliquely autobiographical Joseph Conrad s parents were involved in the radical politics of their time and their early deaths left him profoundly distrustful of any sort of political action Steven Marcus is Professor of English and Comparative Literature and George Delacorte Professor in the Humanities at Columbia University and a specialist in nineteenth century literature and culture He is the author of more than 200 publications
