*Native Life in South Africa* Solomon Tshekisho Plaatje, 1991 First published in 1916 and one of South Africa's great political books *Native Life in South Africa* was first and foremost a response to the Native's Land Act of 1913 and was written by one of the most gifted and influential writers and journalists of his generation Sol T Plaatje provides an account of the origins of this crucially important piece of legislation and a devastating description of its immediate effects **Sol Plaatje's**

investigative journeying into South Africa's rural heartlands to report on the effects of the Act and his involvement in the deputation to the British imperial government **Native Life in South Africa** Solomon Tshekisho Plaatje, 2017-12-17 The first piece of major legislation presented to the whites-only parliament of South Africa was the Natives Land Act eventually passed in 1913 which was designed to entrench white power and property rights in the countryside as well as to solve the native problem of African peasant farmers working for themselves and denying their labour power to white employers The main battle ground for the implementation of the new legislation was the Orange Free State White farmers took the cue from the Land Act to begin expelling black peasants from their land as squatters while the police began to rigorously enforce the pass laws which registered the employment of Africans and prescribed their residence and movement rights **Native Life**
