## Nature And History In Modern Italy:

*Nature and History in Modern Italy* Marco Armiero, Marcus Hall, 2010-08-15 Is Italy il bel paese the beautiful country where tourists spend their vacations looking for art history and scenery Or is it a land whose beauty has been cursed by humanity's greed and nature's cruelty The answer is largely a matter of narrative and the narrator's vision of Italy The fifteen essays in *Nature and History in Modern Italy* investigate that nation's long experience in managing domesticated rather than wild natures and offer insight into these conflicting visions Italians shaped their land in the most literal sense producing the landscape sculpting its heritage embedding memory in nature and rendering the two different visions inseparable The interplay of Italy's rich human history and its dramatic natural diversity is a subject with broad appeal to a wide range of readers
