Ncdot Construction Manual:

Introduction to Modern Infrastructure Construction George Wang,Don Chen,Jennifer Brandenburg,2024-12-30

Introduction to Modern Infrastructure Construction serves as a pivotal resource for construction management education focusing primarily on heavy civil construction and the latest technological innovations in the field. This essential textbook is designed for both academic and professional use, thoroughly covering critical topics including earthwork, highway planning, design, asphalt production, paving, recycling technology, and transportation asset management. Additionally, it explores various aspects of infrastructure such as bridges, railways, airports, and pipelines, offering comprehensive insights beneficial to project management in these areas. Each chapter is supplemented with discussion questions or assignments to enhance educational value, and the text includes lab practice appendices to reinforce practical application. Authored by leading experts in the field, George Wang, Jennifer Brandenburg, and Don Chen, *Introduction to Modern Infrastructure Construction* draws on their extensive experience in academic teaching, research, and practical application. Their expertise provides readers with a unique blend of theoretical knowledge and real-world perspective, making this book an indispensable guide for anyone aspiring to excel in the field of infrastructure construction.
