they have been bought out by the bigger names This was way back when Online Dating was starting to get big I think it is a great way to meet someone but you have to be very cautious I met my x Husband on Match.com in 2002 He was the first guy I saw on there that I was attracted to I didn't even bother looking around once I saw him I contacted him first and needless to say he lied about almost everything and I was too naive and ignored all of the warning signs We dated for five years before we got married and he never really changed He was a Cheater Liar and a Manipulator who had a handful of women at his disposal at any given time that he used for different purposes I was his Trophy Girlfriend Wife yet he had many other women around the entire time we were dating and married The whole disaster of the relationship was my fault because I allowed him to treat me that way and I kept forgiving him and taking him back Yes that's what I said the whole thing was my fault because as soon as he lied the first time I should have got out and I didn't I have learned some hard lessons and the purpose of this book is to help my fellow Online Daters see and recognize the lies that people tell on their profiles and when dating online I have learned that if someone lies about a little thing for example where they live they are hiding something and will lie about anything It's up to you to weed out the dishonest Online Daters so you have a chance at finding true love Practically all the relationships I know are based on a foundation of lies and mutually accepted delusion Kim Cattrall [Eve's 30 Dates](#) Eve Victoria Wilson, Michelle Jane Manning, 2014 Two marriages down and aged 40 Eve decides to delve into THE INTERNET DATING WORLD Eve was trusting and naive when she embarked on this adventure but soon uncovered a complex world of cagey players and dodgy encounters Now more worldly and wise she knows how the game is played is now the player and is prepared to spill the beans Eve's 30 Dates is an honest funny crazy and romantic look at the world of internet dating with some very helpful tips along the way
