

The areas inside the red lines are covered by the front airbags when the front airbags are "on" (see Deployment zone). You must never leave your (Deployment zone). You must never leave or attach any objects in these areas → **Δ**. Any battery-linked accessories will not be struck if the driver and front passenger front airbags are deployed.

## ⚠ DANGER

Once triggered, the airbag inflates at high speed.

- Always leave the deployment zones of the front airbags clear.
- Never attach any objects, such as drink or telephone holders, to the covers of the airbags or anywhere in the airbag deployment zone.
- No other people, animals or objects may be carried between the occupants of the front seats and the airbag deployment zone. Ensure that children and passengers keep to this rule.
- Do not attach any objects, e.g. mobile navigation devices, to the windscreen above the front airbag on the front passenger side.
- Do not cover or stick anything on the steering wheel hub or the soft plastic surface of the airbag unit in the dash panel on the front passenger side, and do not modify them in any way.

## ⚠ WARNING

The front airbags are deployed in front of the steering wheel → Fig. 15 and dash panel → Fig. 16.

- When driving, always hold the steering wheel with both hands on the outside of the ring at the 9 o'clock and 3 o'clock positions.
- Adjust the driver seat so that there is at least 25 cm between your breastbone and the hub of the steering wheel. Contact a qualified workshop if your physical build makes this imperative.
- Adjust the front passenger seat so that the distance between the passenger and the dash panel is as large as possible.

## Switching the front passenger front airbag on and off manually using the key-operated switch

Fig. 17 In the dash panel on the front passenger side, key-operated switch for switching the front passenger front airbag on and off.

⚠ Please refer to **Δ** at the start of the chapter on page 18.

The front passenger front airbag must be disabled if you fit a rear-facing child seat to the front passenger seat.

Enabling the front passenger front airbag

- Switch off the ignition.

- Open the door on the front passenger side.

- Remove the spare key from the vehicle key → page 89, Vehicle key set.

- Insert the spare key into the key-operated switch on the dash panel → Fig. 17 until you feel the second point of resistance. Approximately half of the spare key is then inside the key-operated switch → **⊕**.

- The spare key can then be turned to position **⊕** **OFF** relatively gently.

- Remove the spare key from the key-operated switch and reinsert it into the vehicle key → **⊕**.

- Close the door on the front passenger side.

- Check that the PASSENGER AIR BAG **OFF** **⊕** indicator lamp in the upper section of the centre console does not light up when the ignition is switched on → page 21.

⚠ Disabling the front passenger front airbag

- Switch off the ignition.

- Open the door on the front passenger side.

- Remove the spare key from the vehicle key → page 89, Vehicle key set.

- Insert the spare key into the key-operated switch on the dash panel → Fig. 17 until you feel the second point of resistance. Approximately half of the spare key is then inside the key-operated switch → **⊕**.
- The spare key can then be turned to position **⊕** **OFF** relatively gently.

- Remove the spare key from the key-operated switch and reinsert it into the vehicle key → **⊕**.

- Close the door on the front passenger side.
- When the ignition is switched on, the indicator lamp PASSENGER AIR BAG **OFF** **⊕** will light up steadily in the upper section of the centre console → page 21.

Identifying characteristics for a disabled front passenger front airbag

The only sure sign that the front passenger front airbag has been deactivated is when the PASSENGER AIR BAG **OFF** **⊕** indicator lamp is displayed in the upper section of the centre console **⊕** **⊕** lights up yellow steadily) → page 21.

If the PASSENGER AIRBAG **OFF** **⊕** indicator lamp in the upper section of the centre console is not lit up steadily, or if it lights up at the same time as indicator lamp **⊕** in the instrument cluster, do not attach any child restraint system to the front passenger seat for safety reasons. The front passenger front airbag may trigger during an accident.

## ⚠ WARNING

The front passenger front airbag should only be switched off in exceptional circumstances.

- To prevent damage to the airbag system, only switch the front passenger front airbag on and off when the ignition is switched off.

- It is the driver's responsibility to ensure that the key-operated switch is set to the correct position.

- Only switch the front passenger front airbag off if, in exceptional circumstances, a child seat has to be attached to the front passenger seat.

- Switch the front passenger front airbag back on again as soon as the child seat on the front passenger seat is no longer being used.

## ⓘ NOTICE

Turning the spare key when inserted incorrectly can damage the key-operated switch.

**Business and Consumer Analytics: New Ideas** Pablo Moscato, Natalie Jane de Vries, 2019-05-30 This two volume handbook presents a collection of novel methodologies with applications and illustrative examples in the areas of data driven computational social sciences. Throughout this handbook the focus is kept specifically on business and consumer oriented applications with interesting sections ranging from clustering and network analysis; meta analytics; memetic algorithms; machine learning recommender systems; methodologies; parallel pattern mining and data mining to specific applications in market segmentation; travel; fashion or entertainment analytics. A must read for anyone in data analytics; marketing; behavior modelling and computational social science interested in the latest applications of new computer science methodologies. The chapters are contributed by leading experts in the associated fields. The chapters cover technical aspects at different levels, some of which are introductory and could be used for teaching. Some chapters aim at building a common understanding of the methodologies and recent application areas including the introduction of new theoretical results in the complexity of core problems. Business and marketing professionals may use the book to familiarize themselves with some important foundations of data science. The work is a good starting point to establish an open dialogue of communication between professionals and researchers from different fields. Together the two volumes present a number of different new directions in Business and Customer Analytics with an emphasis in personalization of services; the development of new mathematical models and new algorithms; heuristics and metaheuristics applied to the challenging problems in the field. Sections of the book have introductory material to more specific and advanced themes in some of the chapters allowing the volumes to be used as an advanced textbook. Clustering; Proximity Graphs; Pattern Mining; Frequent Itemset Mining; Feature Engineering; Network and Community Detection; Network based Recommending Systems and Visualization are some of the topics in the first volume. Techniques on Memetic Algorithms and their applications to Business Analytics and Data Science are surveyed in the second volume; applications in Team Orienteering; Competitive Facility location and Visualization of Products and Consumers are also discussed. The second volume also includes an introduction to Meta Analytics and to the application areas of Fashion and Travel Analytics. Overall the two volume set helps to describe some fundamentals, acts as a bridge between different disciplines and presents important results in a rapidly

moving field combining powerful optimization techniques allied to new mathematical models critical for personalization of services Academics and professionals working in the area of business analytics data science operations research and marketing will find this handbook valuable as a reference Students studying these fields will find this handbook useful and helpful as a secondary textbook     The Cooperative Extension Service Updated Inventory of Computer Programs J.
