Past Imperfect Ordinary People In Extraordinary Times:

Machiavelli on Liberty and Conflict David Johnston, Nadia Urbinati, Camila Vergara (Political scientist), 2017-03-15 Papers from a conference held 6-7 December 2013 at the Italian Academy for Advanced Studies at Columbia University to mark the five hundredth anniversary of the publication of *The Prince* *States of Violence and the Civilising Process* Rob Watts, 2016-05-30 This book offers a distinctive and novel approach to state sponsored violence one of the major problems facing humanity in the previous and now the twenty first century It addresses the question how is it possible that large numbers of ordinary men and women are able to do the killing torturing and violence that defines crimes against humanity In his striking analysis Rob Watts shows how and why states of all political persuasions engage in crimes against humanity including genocide homicide torture kidnapping illegal surveillance and detention This book advances a new interpretive frame It argues against the civilizing process model showing how both states and social sciences like sociology and criminology have been complicit in splitting the social from the ethical while accepting too complacently that modern states are the exemplars of morality and rationality The book makes the case that it is possible to bring together in the one interpretative frame our understanding of social action involving personal motivation and ethical responsibility and patterns of collective social action operating in terms of the agencies of the State Rob Watts identifies and charts the pathways of action and practical i.e. ethical judgements which the perpetrators of these crimes against humanity constructed for themselves to make sense of what they were doing At once challenging and highly accessible the book reveals the policy making processes that produce state crime as well as showing how ordinary people do the state's dirty work *Significant Events in U.S. Foreign Relations (1900 - 2001)* , American Book Publishing Record ,2003 Sunday School Teachers' Magazine, and Journal of Education ,1845 **Facing The Mountain** Daniel James Brown, 2021-05-20 From the 1 New York Times bestselling author of *The Boys in the Boat* comes the gripping untold story of one of the most heroic units that fought in World War II My favourite kind of history book grippingly written full of incredible drama and focussing on individuals rather than numbers and statistics James Holland On December 7th 1941 the Japanese Navy bombed Pearl Harbor For many Americans the surprise attack was a call to arms but for the soldier sons of Japanese American immigrant parents it brought prejudice and scrutiny over where their loyalties lay In *Facing the Mountain* Daniel James Brown tells the unforgettable story of the 442nd Regimental Combat Team the Japanese American heroes who displayed incredible courage on the brutal battlefields of Europe Achieving the impossible in often near suicidal missions including rescuing a lost battalion surrounded by Nazis in the French mountains the 442nd went on to become one of the most decorated units in history Yet at the same time their parents were put in camps and stripped of their livelihoods and an equally brave battle was being fought in the courtroom back home A cinematic tour de force *Facing the Mountain* puts a real life band of brothers in the history books where they belong and reminds us that victory is rarely as simple as we think **Ordinary People, Extraordinary Times**

Sheryllyne Haggerty,2023-08-15 In October of 1756 Sarah Folkes wrote home to her children in London from Jamaica Posted on the ship Europa bound for London her letter was one of around 350 that were never delivered due to an act of war they remain together today in the National Archives in London In Ordinary People Extraordinary Times Sheryllyne Haggerty closely reads and analyses this collection of correspondence exploring the everyday lives of poor and middling whites free people of colour and the enslaved in mid eighteenth century Jamaica Britain s wealthiest colony of the time at the start of the Seven Years War This unique cache of letters brings to life both thoughts and behaviours that even today appear quite modern concerns over money surviving in a war torn world family squabbles poor physical and mental health and a desire to purchase fashionable consumer goods The letters also offer a glimpse into the impact of British colonialism on the island Jamaica was a violent cruel and deadly materialistic place dominated by slavery from which all free people benefited and it is clear that the start of the Seven Years War heightened the precariousness of enslaved peoples lives Jamaica may have been Britain s Caribbean jewel but its society was heterogeneous and fractured along racial and socioeconomic lines A rare study of microhistory Ordinary People Extraordinary Times paints a picture of daily life in Jamaica against the vast backdrop of transatlantic slavery war and the eighteenth century British Empire **The Law Times Reports of Cases Decided in the House of Lords, the Privy Council, the Court of Appeal ... [new Series].** ,1897 Past Imperfect James
