Goodridge, Matthew J. Rohweder, 2021-11-15 Helps librarians who are not themselves seasoned gamers to better understand the plethora of gaming products available and how they might appeal to library users. As games grow ever more ubiquitous in our culture and communities, they have become popular staples in public library collections and are increasing in prominence in academic ones. Many librarians, especially those who are not themselves gamers or are only acquainted with a handful of games, are ill prepared to successfully advise patrons who use games. This book provides the tools to help adult and youth services librarians to better understand the gaming landscape and better serve gamers in discovery of new games, whether they are new to gaming or seasoned players, through advisory services. This book maps all types of games: board, roleplaying, digital, and virtual reality, providing all the information needed to understand and appropriately recommend games to library users. Organized by game type, hundreds of descriptions offer not only bibliographic information (title, publication date, series, and format, platform) but genre classifications, target age ranges for players, notes on gameplay and user behavior type, and short descriptions of the game's basic premise and appeals. *The Heroic Legends Series - Solomon Kane: The Banquet of Souls* Steven Savile, 2024-06-25

Capturing the electric short fiction energy that led Robert E. Howard to be one of the top fantasy writers of the century, with exclusive serialized eBook stories starring Conan Solomon Kane and more by many of today's top writers in fantasy and sword and sorcery. Created by the author responsible for Conan of Cimmeria, Solomon Kane is a man born out of his time, a strange blending of Puritan and cavalier with a touch of the ancient philosopher and more than a touch of the pagan, a knight errant in the somber clothes of the fanatic. A hunger in his soul drove him on, and on an urge to right all wrongs, protect all weaker things, avenge all crimes against right and justice. Robert E. Howard, *The Moon of Skulls*. Caught aboard a ship destroyed in a terrible storm, Solomon Kane is the only survivor left clinging to the wreckage and to life. Washed up on a stony beach, he is found by a young woman of the Hotu clan who brings him back to their fortress in Odawara. While recovering, he discovers sigils and marks designed to protect the clan against demons aligned with the Hideyoshi daimyo. Intent on wiping out any who would resist his rule, the daimyo's creatures have spread horror across the islands. The evils they have perpetrated are ungodly; there may only be one man who can put an end to this terror.
