

## Scholarship Application

The field of educational technology has grown and changed greatly over the years. The most significant changes have been in the areas of hardware, software, and the integration of these technologies into the classroom. In the 1970s and 1980s, the focus was on basic skills training and computer-aided instruction. By the 1990s, the focus had shifted to more sophisticated learning management systems and online learning environments. Today, the field is rapidly evolving, with new technologies and pedagogical approaches emerging all the time. The future of educational technology is bright, and the possibilities are endless.
