Library,1929 **Naval Efficiency** Archibald S. Hurd,2015-07-12 Excerpt from *Naval Efficiency The War Readiness of the Fleet List and Particulars of Effective Ships of the World s Navies* I believe the Navy has two classes of enemy those who say the Navy is all wrong all rotten and not to be depended upon in time of war and the other class more dangerous and I believe more numerous who say that the Navy is all right and that we need not trouble our heads about it Mr Arnold Forster M P Financial Secretary to the Admiralty in the House of Commons February 22 1902 It is impossible to deal with an organization so vast in its proportions and so widely distributed in its influence as the British Navy without realizing the inadequacy of any attempt to explain its present methods and indicate the principles which should govern future policy There are many books from which the casual student of naval affairs can obtain the ordinary statements of comparative strength of the different navies and from time to time manifestoes are published urging radical reforms The present volume is not intended to rival any of the many schemes for counting noses nor to expound any pet panacea for solving the problems in the organization of personnel and materiel which press in ever increasing number upon the administrators of the Fleet About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Naval Efficiency** Archibald Hurd,1902 *Imperialism and the rise of labour, 1895-1905* Élie Halévy,1961 *A History of the English People in the Nineteenth Century* Elie Halévy,1961 *Naval Investigation* United States.
