

# WHAT IS NAVIGATION?

**Navigation** is the action of moving through water using various means such as boats, vessels, or even spacecraft.

It involves planning and directing the course of a vehicle through maritime, river, or even aerial routes, aiming to reach a specific destination.

To orient themselves, navigators use instruments such as compasses, maps, and Global Positioning System (GPS) devices.

**Navigation** has been essential for trade, exploration, and transportation throughout history, enabling people to connect, discover new places, and broaden their horizons.
