In this Navisworks 2015 training course, expert author Brian Myers teaches you everything you need to know to work in this powerful Autodesk software. This course is designed for the absolute beginner meaning no prior experience with Navisworks is required. You will start by touring the user interface learning how to merge projects, refresh and delete files, select objects and more. Brian will then teach you about the most commonly used tools showing you how to hide objects, compare models and move objects. This video tutorial will teach you how to conduct a clash test, add tasks to the TimeLiner and create and render animations. Finally you will learn how to edit and export your animations. Once you have completed this computer based training course you will have developed the

knowledge and skills necessary to use the tools and features in Navisworks for your own projects Working files are included allowing you to follow along with the author throughout the lessons Resource description page *Exploring Autodesk Navisworks 2015* CAD/CIM Technologies, Sham Tickoo, 2014 *BIM Collaboration with Autodesk Navisworks* Paul F. Aubin, Darryl McClelland, 2014-12-26 So you have completed your project model and feel a sense of relief But should you? What now? What conflicts could be potentially discovered in the field costing you time and money to address? How can you reduce your liability for those errors and/or omissions? Maybe you are responsible for the coordinating all disciplines work for the project? How can this be done and identify potential conflicts before they happen to ensure that the schedule is met? Navisworks can help address all those concerns. Navisworks is a model aggregator that can combine various different file formats to create an overall project model thus allowing you to fully coordinate multiple aspects of your project. The Aubin Academy Master Series *BIM Collaboration with Autodesk Navisworks* is the ideal book to help readers get started with and successfully use Navisworks. This book touches on the collaboration aspect of the Building Information Model. The goal of each lesson is to help the reader complete the collaboration of their projects successfully. Navisworks tools are introduced in a focused process with a strong emphasis on why as well as how. The text and exercise seek to give the reader a clear sense of the value of the tools and a clear indication of each tool's potential. In addition there are Quick References for a few of the Navisworks tools contained herein. The Aubin Academy Master Series *BIM Collaboration with Autodesk Navisworks* is a resource designed to quickly get you up to speed on Navisworks, shorten your learning curve, raise your comfort level and more importantly give you real life practical advice on the usage of the software in order to help with project collaboration.
