Peterson, Kevin R. Bush, 2012-09-14 The third edition of *Handbook of Marriage and the Family* describes, analyzes, synthesizes, and critiques the current research and theory about family relationships, family structural variations, and the role of families in society. This updated Handbook provides the most comprehensive state-of-the-art assessment of the existing knowledge of family life with particular attention to variations due to gender, socioeconomic, race, ethnic, cultural, and life style diversity. The Handbook also aims to provide the best synthesis of our existing scholarship on families that will be a primary source for scholars and professionals but also serve as the primary graduate text for graduate courses on family relationships and the roles of families in society. In addition, the involvement of chapter authors from a variety of fields including family psychology, family sociology, child development, family studies, public health, and family therapy gives the Handbook a multidisciplinary and interdisciplinary framework.      Family Resources Database User Guide Matabole D. Rocky Ralebipi, 1989      Public Health Bibliography Series, 1951      **The Transformation of American Sex Education** Ellen S. More, 2022-01-11 This book examines Americans' attempts to come to terms with the vexed subject of sex education in the schools from the late 1940s to the early 21st century. Using Mary Calderone's life and career as a touchstone, it traces the origins of modern sex education in the United States from the work of a group of reformers who coalesced around Calderone to create SIECUS in 1964 through the development and use of the competing approaches known as abstinence-based and comprehensive sex education from the 1980s into the 21st century.

Transforming Early Head Start Home Visiting Bridget A. Walsh, Jennifer A. Mortensen, 2019-10-29 Research on home visiting shows that Early Head Start EHS home-based programs benefit from additional training and resources that streamline philosophy and content. In this essential guide, Walsh and Mortensen propose that alignment with Family Life Education's FLE strengths-based methodology results in greater consistency through a model of prevention education and collaboration with families. This text is the first to outline linkages between FLE and EHS home visiting. It explores a qualitative study of FLE integrated in a current EHS home-based program and application of FLE methodology to home visiting topics. This approach will influence professional practice and provide a foundation for developing evidence-based home visiting practices. Online content accompanies the text with videos demonstrating the FLE approach in action and discussion questions to encourage engagement with and understanding of the core material. *Transforming Early Head Start Home Visiting: A Family Life Education Approach* is essential reading for upper-level undergraduate and masters students in family studies and early childhood education as well as practitioners working with children and families.      Yale Daily News Guide to Fellowships and Grants Ltd Staff Kaplan Educational Center, Ali Mohamadi, Jake Sullivan, 1999 Features only the most useful and best-funded fellowships and grants.
