Reading comprehension Test

1 Read the text carefully.

My name is Jessica and I am an Australian student. I am thirteen years old and I live in Sidney with my parents and my sister, Ruth. My mother is a nurse and my father is a doctor. They both work in a hospital.

I am a very active girl. I like playing tennis and swimming. I play tennis twice a week.

I usually get up at half past seven. I have a quick shower, get dressed and then I have breakfast with my family. After breakfast I always brush my teeth.

At twenty past eight my sister Ruth and I go to school by bus. Lessons start at nine o'clock. We have lunch in the school canteen and in the afternoon we have lessons again. We always go home at four o'clock. At five o'clock we have a snack and then we do the homework. We usually have dinner at eight o'clock and, after dinner, I watch TV or read a book. I love reading. Ruth doesn't like reading so she plays computer games. We go to bed at half past ten because we get up early.

2 All these sentences are false. Correct them.

a) Jessica isn't a student.

b) She plays tennis three times a week.

c) She is an only child.

d) She gets up late.

e) She doesn't have a shower in the morning.

f) Jessica and Ruth go to school by car.

Awareness Matters Claudia Finkbeiner, Agneta M.-L. Svalberg, 2016-01-22 This collection argues that being aware of and reflecting on language form and language use is a powerful tool not only in language learning but also in wider society. It adopts an interdisciplinary stance: one chapter argues the need for Language Awareness in business contexts while another examines the role of critical cultural awareness and Language Awareness in education as *bildung*. Others report on research studies in language classrooms and in teacher education. Language Awareness is interrogated from a range of perspectives such as peer interaction, teaching young learners, learner strategies and strategies for writing, online reading and oral fluency training. The scope is global, including contributions from Canada, Germany, Iran, Japan, Spain and the UK, and covers bilingual as well as multilingual contexts. The book will be of interest to language teachers, language teacher educators, other language professionals and generally to the language aware. This book was originally published as a special issue of *Language Awareness*.

The Wiley Handbook of Adult Literacy Dolores Perin, 2019-10-15 Examines the widespread phenomenon of poor literacy skills in adults across the globe. This handbook presents a wide range of research on adults who have low literacy skills. It looks at the cognitive, affective and motivational factors underlying adult literacy; adult literacy in different countries and the educational approaches being taken to help improve adults' literacy skills. It includes not only adults enrolled in adult literacy programs but postsecondary students with low literacy skills, some of whom have reading disabilities. The first section of *The Wiley Handbook of Adult Literacy* covers issues such as phonological abilities in adults who have not yet learned to read, gender differences in the reading motivation of adults with low literacy skills, literacy skills, academic self-efficacy and participation in prison education and more. Chapters on adult literacy, social change and sociocultural factors in South Asia and in Ghana, literacy, numeracy and self-rated health among U.S. adults, adult literacy programs in Southeastern Europe and Turkey and a review of family and workplace literacy programs are among the topics featured in the second section. The last part examines how to teach reading and writing to adults with low skills, adults' transition from secondary to postsecondary education, implications for policy, research and practice in the adult education field, educational technologies that support reading comprehension and more. Looks at the cognitive processing challenges associated with low literacy in adults. Features contributions from a global team of experts in the field. Offers writing strategy instruction for low-skilled postsecondary students. *The Wiley Handbook of Adult Literacy* is an excellent book for academic researchers, teacher educators, professional developers, program designers and graduate students. It is also beneficial to curriculum developers, adult basic education and developmental education instructors and program administrators as well as clinicians and counselors who provide services to adults with reading disabilities.
