Electronic banking was based on striped and EMV cards. It is quickly evolving to a new era based on a variety of smart devices, their applications and digital wireless transmissions. These smart devices include a new era based on a variety of units including smartphones, tablets and a variety of new digital communicating devices, mostly stored programs and wireless transaction devices. They are communicating via the internet with remote databases, many in Cloud configuration. Most will have migrated to a secure internet using the new SPARC Security Solutions. They will no longer require conventional PINs, Passwords or Encryption. No longer will Smart Device users be subject to 1 misuse of lost/stolen devices, 2 misuse of overheard wireless transmissions between a smart device and the internet/modem, and 3 you will not be subject to downloaded fraudulent applications, malware or viruses.
