, The Goddess Queen Tracy Falbe, 2006 The Rys Chronicles continue as Shan's rebellion grows Queen Onja hoping to kill Shan before he can lead his armies against her stronghold sends her Kezanada agents to hunt him with enchanted weapons Onja also begins to teach another rys in the ways of battle magic to aid her in the coming war Dreibrand Veta now Shan's general works hard to prepare their armies for the invasion of the rys homeland Miranda struggles to be patient while her children remain hostage in Onja's household and she dedicates herself to Shan and his rebellion even when it means breaking the strict patriarchal traditions of the larger culture Once the armies begin to march everyone must endure the many horrors of war Tempers fray and ambitions flare as the costs of attacking Onja mount But Shan stomachs his guilt over inspiring such conflict and finally challenges Onja in a duel of magic To defend her throne Onja summons her magic secrets that have been buried since ancient times **Analog Science Fiction/science Fact**, 1968-03 Innovating to Zero

Sarwant Singh, 2025-12-22 In 2010 Bill Gates first came up with the term Innovating to Zero to advocate a nuclear energy technology that would be safe and reliable and have zero emissions Taking this concept and running with it this book explores the transformative concept of Innovating to Zero a vision that seeks to eliminate some of humanity's most pressing challenges From zero emissions and zero digital divide to zero hunger and zero diseases this book delves into how industries societies and individuals can work towards a future where these ideals become reality The book expands on what the future of Innovating to Zero looks like It highlights how the next decade will see exponential growth in the technologies that make the Zero Vision achievable AI advanced materials biotechnology and quantum computing coming together in ways that will allow us to imagine what was previously unimaginable from zero cancer deaths to zero device dependency to zero inequality Taking a deep dive into various sectors where Zero can play a disruptive role including retail healthcare technology energy and society at large the book identifies the fundamental building blocks that go into implementing such an approach and offers an actionable 10 step process to achieving your Zero Vision goals With global examples case studies and chapters covering topics such as innovative business models energy transition and generative AI this book will help you set out a vision for sustainable innovation balancing business and social imperatives *Researching Global Education Policy* D. Brent Edwards Jr., Antoni Verger, Marcia McKenzie, Keita Takayama, 2024-07-30 The movement of policy is a core feature of contemporary education reform Many different concepts including policy transfer borrowing and lending travelling diffusion and mobility have been deployed to study how and why policy moves across jurisdictions scales of governance policy sectors or organisations However the underlying theoretical perspectives and the foundational assumptions of different approaches to policy movement remain insufficiently discussed To address this gap this book places front and center questions of theory ontology epistemology and method related to policy movement It explores a wide diversity of approaches to help understand the policy movement phenomena providing a useful guide on global studies in education as well as insights into the future of
