Media and Entertainment Industry Management Sunghan Ryu,2024-04-19 The media and entertainment industry MEI differs significantly from traditional industries in many respects Accordingly the management of strategy marketing and other business practices in the MEI necessitates a unique approach Sunghan Ryu offers students focused and relevant insights into critical topics illustrated by vivid examples from the MEI

Unlike typical introductory textbooks on business and management this book does not overemphasize complicated layers of theory. Instead, it presents essential concepts and frameworks in a digestible manner and supplements them with opportunities to apply this knowledge to real world cases. The textbook demonstrates how knowledge can be constructively implemented in business and management scenarios. It is structured into 12 chapters divided into five core modules: 1 Overview of the MEI, 2 The Fundamentals of Management, 3 Marketing Management, 4 Digital Business and Management, and 5 New Business Models and Entrepreneurship. Students will gain the ability to explain key concepts and frameworks across core business and management domains and develop analytical skills through diverse real world cases in the MEI. Based on this knowledge, they will be equipped to identify management related issues in the MEI and arrive at practical and effective solutions. This book is an essential guide for students who wish to understand business and management in the dynamic world of the MEI. Consumer Experience and Decision-Making in the Metaverse Tarnanidis, Theodore, 2024-06-24

Traditional marketing approaches must be more effective in a digital world where consumers seek more immersive and personalized experiences. Businesses need to help to engage with their target audience and to understand their evolving needs and preferences. This disconnect hinders their ability to create impactful marketing strategies that resonate with consumers and drive meaningful interactions. Consumer Experience and Decision Making in the Metaverse offers a solution by exploring how the metaverse transforms consumer behavior and marketing practices. The book provides insights into immersive consumer experiences, virtual brand presence, data-driven personalization, and more through a collection of research. It equips readers with the knowledge and strategies to adapt to this new digital landscape and engage with consumers in innovative ways. *Proceedings of the 2023 International Conference on Economic Management, Financial Innovation and Public Service (EMFIPS 2023)* Peng Dou, Keying Zhang, 2024-06-19. This is an open access book. 2023 International Conference on Economic Management, Financial Innovation and Public Service (EMFIPS 2023) was held on December 29-30, 2023. The idea of the conference is for the scientists, scholars, engineers, and students from Universities all around the world and the industry to present ongoing research activities and hence to foster research relations between the Universities and the industry. This conference provides opportunities for the delegates to exchange new ideas and application experiences face to face, establish business or research relations, and find global partners for future collaboration. EMFIPS 2023 also aims to provide a platform for experts, scholars, engineers, technicians, and technology R & D personnel to share scientific research results and cutting edge technologies, understand academic development trends, expand research ideas, strengthen academic research and discussion, and promote cooperation in the industrialization of academic achievements. All full paper submissions to the EMFIPS 2023 should be written in English. They will be sent to the committee and reviewed by at least two editors. All papers will be evaluated based on originality, technicality, research depth, accuracy, relevance to conference, academic contributions, and readability. **Regulating the Metaverse** Ignas Kalpokas, Julija

Kalpokienė,2023-01-26 The metaverse seems to be on everybody's lips and yet very few people can actually explain what it means or why it is important This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies Going beyond the optimism emanating from technology companies and venture capitalists the authors critically evaluate the antecedents and the building blocks of the metaverse the design and regulatory challenges that need to be solved and commercial opportunities that are yet to be fully realised While the metaverse is poised to open new possibilities and perspectives it will also be a dangerous place one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies
