Alternatives Roblox Shooter:

Proceedings of the International Conference on AI and Robotics Jagdish Chand Bansal, Prashant Jamwal, Shahid Hussain, 2025-11-01 This book gathers selected papers from International Conference on AI and Robotics AIR 2025 held in Astana Kazakhstan during May 9-11, 2025. The book presents and discusses the latest research results and generates new ideas in the field of artificial intelligence and robotics. The topics covered are machine learning and deep learning, natural language processing, computer vision, autonomous robots, human-robot interaction, AI and robotics for environmental sustainability, and industrial robotics.

Gaming and Extremism Linda Schlegel, Rachel Kowert, 2024-03-21 Charting the increase in the use of games for the dissemination of extremist propaganda, radicalization, recruitment, and mobilization, this book examines the gamification of extremism. Editors Linda Schlegel and Rachel Kowert bring together a range of insights from world-leading experts in the field to provide the first comprehensive overview of gaming and extremism. The potential nexus between gaming and extremism has become a key area of concern for researchers, policymakers, and practitioners seeking to prevent and counter radicalization, and this book offers insights into key trends and debates, future directions, and potential prevention efforts. This includes the exploration of how games and game-adjacent spaces such as Discord, Twitch, Steam, and DLive are being leveraged by extremists for the purposes of radicalization, recruitment, and mobilization. Additionally, the book presents the latest counterterrorism techniques, surveys promising preventing/countering violent extremism (P-CVE) measures currently being utilized in the gaming sphere, and examines the ongoing challenges, controversies, and current gaps in knowledge in the field. This text will be of interest to students and scholars of gaming and gaming culture, as well as an essential resource for researchers and practitioners working in prevention and counter-extremism, professionals working at gaming-related tech companies, and policymakers. The Open Access version of this book is available at www.taylorfrancis.com and has been made available under a Creative Commons Attribution-NonCommercial-NoDerivatives 4.0 license.

Hate in the Homeland Cynthia Miller-Idriss, 2022-01-11 How and how tomorrow's far-right nationalists are being recruited in surprising places: from college campuses and mixed martial arts gyms to clothing stores, online gaming chat rooms, and YouTube cooking channels. Provided by publisher.
