Close a Database: Click the **File** tab and select **Close**.

Database Objects

Tables store a database's data in rows (records) and columns (fields).

Queries ask a question of data stored in a table.

Forms are custom screens that provide an easy way to enter and view data in a table or query.

Reports present data from a table or query in a printed format.

Macros automate several tasks into a single command.

Modules automate commands using Visual Basic. Modules are similar to macros, but are more complex.
