**Do You Remember House?** Micah Salkind, 2018-12-19 This book tells the full story of house music in Chicago from its emergence to its queer remediation to its memorialization from the late 70s to the present *Notes Music Library Association*, 2001 *This Must Be the Place* Jesse Rifkin, 2023-07-11 Winner of the New York City Book Awards A Kirkus Best Book of July An InsideHook Book You Should Be Reading This July A fascinating history that examines how real estate gentrification community and the highs and lows of New York City itself shaped the city s music scenes from folk to house music Take a walk through almost any neighborhood in Manhattan and you ll likely pass some of the most significant clubs in American music history But you won t know it almost all of these venues have been demolished or repurposed leaving no record of what they were how they shaped music scenes or their impact on the neighborhoods around them Traditional music history tells us that famous scenes are created by brilliant singular artists But dig deeper and you ll find that they re actually created by cheap rent empty space and other unglamorous factors that allow artistic communities to flourish The 1960s folk scene would have never existed without access to Greenwich Village s Washington Square Park If the city hadn t gone bankrupt in 1975 there would have been no punk rock Brooklyn indie rock of the 2000s was only able to come together because of the borough s many empty warehouse spaces But these scenes are more than just moments of artistic genius they re also part of the urban gentrification cycle one that often displaces other communities and eventually the musicians themselves Drawing from over a hundred exclusive interviews with a wide range of musicians deejays and scenesters including members of Peter Paul and Mary White Zombie Moldy Peaches Sonic Youth Treacherous Three Cro Mags Sun Ra

Arkestra and Suicide writer historian and tour guide Jesse Rifkin painstakingly reconstructs the physical history of numerous classic New York music scenes This Must Be the Place examines how these scenes came together and fell apart and shows how these communal artistic experiences are not just for rarefied geniuses but available to us all The Bloomsbury Handbook of Popular Music, Space and Place Geoff Stahl, J. Mark Percival, 2022-01-13 Popular music scholars have long been interested in the connection between place and music This collection brings together a number of key scholars in order to introduce readers to concepts and theories used to explore the relationships between place and music An interdisciplinary volume drawing from sociology geography ethnomusicology media cultural and communication studies this book covers a wide range of topics germane to the production and consumption of place in popular music Through considerations of changes in technology and the mediascape that have shaped the experience of popular music vinyl iPods social media the role of social difference and how it shapes sociomusical encounters queer spaces gendered and racialised spaces as well as the construction and representations of place musical tourism city branding urban mythologies this is an up to the moment overview of central discussions about place and music The contributors explore a range of contexts moving from the studio to the stage the city to the suburb the bedroom to festival from nightclub to museum with each entry highlighting the diverse and complex ways in which music and place are mutually constitutive Electronica, Dance and Club Music Mark J. Butler, 2017-07-05 Discos clubs and raves have been focal points for the development of new and distinctive musical and cultural practices over the past four decades This volume presents the rich array of scholarship that has sprung up in response Cutting edge perspectives from a broad range of academic disciplines reveal the complex questions provoked by this musical tradition Issues considered include aesthetics agency the body in dance movement and space composition identity including gender sexuality race and other constructs musical design place pleasure policing and moral panics production techniques such as sampling spirituality and religion sub cultural affiliations and distinctions and technology The essays are contributed by an international group of scholars and cover a geographically and culturally diverse array of musical scenes **Clubbing Culture in Islington, 1986-1995** Ray Kinsella, 2026-01-01 This is the first book to map and celebrate the overlooked history of producers promoters and DJs from Islington that contributed to the acid house and rave scene as it developed in derelict spaces in the borough in the late 1980s and how this paved the way for the house and jungle scenes that dominated Islington clubs during the 1990s Blending oral history interviews with contemporaneous reports in the style press the music press local and national newspapers and archival documents stored at the Islington Local History Centre this book sheds new light upon key clubs the music cultural identities and fashions The book presents unpublished eyewitness accounts by people from Islington s council estates that contributed to these scenes to unravel the complex and hitherto poorly understood interrelationship between gang culture subculture and localised club culture It argues that the backlash to the perceived unsavoury nature of clubbers and promoters combined with the onslaught of gentrification in the

borough in the late 1990s led to the venues being closed down and to this vital moment in the history of UK popular culture being brought to an end
