**Taxonomy of the birds of the world** fotolulu,2018-10-30 How do you come up with the idea to list all the birds in the world including the subspecies and to give all birds English names There is a reason for it my favorite saying whose author is unknown Everyone said that s not possible then there was one who did not know that and just did it I am an animal photographer and probably a little bit crazy I ve built a complete animal database for mammals and birds over the last decade This facilitates my work in determining and archiving images and assigning keywords especially among the many subspecies With this book I would like to give all birding friends and ornithologists a complete overview in English For this I have given unique English names to all subspecies The naming should not meet any scientific requirements The names are based on translations from the Latin name geographical distribution areas and the names of the discoverers The entries consist of the scientific name the English name the distribution areas and the author I wish you a lot of fun with this book but especially while watching the fascinating birdlife fotolulu **Dictionary of Gems and Gemology** Mohsen

Manutchehr-Danai,2013-03-09 Since World War II the amount of information generated in the science of Gemology has increased tremendously Therefore this book Dictionary of Gems and Gemology was written with the aim of providing a relatively complete dictionary to assist all students hobbyists scientists and interested parties in the fields of Gems and Gemology The forerunner to this book was called Dictionary of Gems and Gemology English Persian Persian English published in Tehran Iran in 1997 It was written with the aid of more than thirty refer ence books relating to gemology In response to the effort required to clarify the terms within I decided to compile a book that brings all the relevant terms into one book This new book eliminates the use of different reference books and compiles nearly all the relevant terms into a one stop useful text It took twenty five years to collect the terms and the information so as to present a complete and functional lexicon The text is supported by nearly 170 illustrations and 21 tables to provide detailed and succinct information I hope and trust that this book will reach the high standard of other gemological dictionaries If you have criticisms or suggestions please feel free to contact me Professor Dr Mohsen Manutchehr Danai Los Angeles Tehran Regensburg Acknowledgments The author acknowledges all those who were of valuable assistance during the writ ing and publishing of this book Textiles of
