## **Myth And Meaning Cracking The Code Of Culture:**

*Myth and Meaning* Claude Lévi-Strauss, 1978-12-15 Ever since the rise of science and the scientific method in the seventeenth century we have rejected mythology as the product of superstitious and primitive minds Only now are we coming to a fuller appreciation of the nature and role of myth in human history In these five lectures originally prepared for the CBC Claude Lévi Strauss one of the world's greatest living thinkers offers the insights of a lifetime spent interpreting myths and trying to discover their significance for human understanding The lectures begin with a discussion of the historical split between mythology and science and the evidence that mythic levels of understanding are being reintegrated in our approach to knowledge In an extension of his theme Professor Lévi Strauss analyses what we have called primitive thinking and discusses some universal features of human mythology The final two lectures outline the functional relationship between mythology and history and the structural relationship between mythology and music Combining history anthropology and philosophy this book provides a broad and penetrating perspective on the contemporary western world

## **Myth and Meaning** Claude Levi-Strauss, 1995-03-14 Ever since the rise of science and the scientific method in the seventeenth century we have rejected mythology as the product of superstitious and primitive minds Only now are we coming to a fuller

appreciation of the nature and role of myth in human history In these five lectures originally prepared for Canadian radio Claude Lévi Strauss offers in brief summations the insights of a lifetime spent interpreting myths and trying to discover their significance for human understanding The lectures begin with a discussion of the historical split between mythology and science and the evidence that mythic levels of understanding are being reintegrated in our approach to knowledge In an extension of this theme Professor Lévi Strauss analyzes what we have called primitive thinking and discusses some universal features of human mythology The final two lectures outline the functional relationship between mythology and history and the structural relationship between mythology and music

## **EPZ Truth and Method** Hans-Georg Gadamer, 2004-12-07

Written in the 1960s TRUTH AND METHOD is Gadamer's magnum opus Looking behind the self consciousness of science he discusses the tense relationship between truth and methodology In examining the different experiences of truth he aims to present the hermeneutic phenomenon in its fullest extent

## **Messages, Signs, and Meanings** Marcel Danesi, 2004

Messages Signs and Meanings can be used directly in introductory courses in semiotics communications media or culture studies Additionally it can be used in courses dealing with cognate areas of investigation psychology mythology education literary studies anthropology linguistics as a complementary or supplementary text The text builds upon what readers already know intuitively about signs and then leads them to think critically about the world in which they live a world saturated with images of all kinds that a basic knowledge of semiotics can help filter and deconstruct The text also provides opportunities for readers to do hands on semiotics through the exercises and questions for discussion that accompany each chapter Biographical sketches of the major figures in the field are also included as is a convenient glossary of technical terms

*Routledge Encyclopedia of Narrative Theory* David Herman, Manfred Jahn, Marie-Laure Ryan, 2010-06-10 The past several decades have seen an explosion of interest in narrative with this multifaceted object of inquiry becoming a central concern in a wide range of disciplinary fields and research contexts. As accounts of what happened to particular people in particular circumstances and with specific consequences stories have come to be viewed as a basic human strategy for coming to terms with time, process and change. However, the very predominance of narrative as a focus of interest across multiple disciplines makes it imperative for scholars, teachers and students to have access to a comprehensive reference resource.

*Ritual and Belief* David Hicks, 2010-03-15 Ritual and Belief Readings in the Anthropology of Religion is a collection of 41 readings in religion, magic and witchcraft. The choice of readings is eclectic; no single anthropological approach or theoretical perspective dominates the text. Theoretical significance, scholarly eminence of the author and inherent interest provide the principal criteria and each reading complements its companion chapters which are pedagogically coherent rather than ad hoc assemblages. Included among the theoretical perspectives are structural functionalism, structuralism, Malinowskian functionalism, cultural materialism and cultural evolutionism. Also included are the synchronic and diachronic approaches. The book offers a mixture of classic readings and more recent contributions and the world religions are included along with examples from the religions of traditionally non-literate cultures. As diverse a range of religious traditions as possible has been embraced from various ethnic groups, traditions and places.

**Understanding Material Culture** Ian Woodward, 2007-05-09 In his interdisciplinary review of material culture, Ian Woodward goes beyond synthesis to offer a theoretically innovative reconstruction of the field. It is filled with gems of conceptual insight and empirical discovery. A wonderful book.

Jeffrey C. Alexander, Yale University. A well-grounded and accessible survey of the burgeoning field of material culture studies for students in sociology and consumption studies. While situating the field within the history of intellectual thought in the broader social sciences, it offers detailed and accessible case studies. These are supplemented by very useful directions for further in-depth reading, making it an excellent undergraduate course companion.

Victor Buchli, University College London. Why are i-pods and mobile phones fashion accessories? Why do people spend thousands remodelling their perfectly functional kitchen? Why do people crave shoes or handbags? Is our desire for objects unhealthy or irrational? Objects have an inescapable hold over us, not just in consumer culture but increasingly in the disciplines that study social relations too. This book offers a systematic overview of the diverse ways of studying the material as culture. Surveying the field of material culture studies through an examination and synthesis of classical and contemporary scholarship on objects, commodities, consumption and symbolization, this book introduces the key concepts and approaches in the study of objects and their meanings. It presents the full sweep of core theory from Marxist and critical approaches to structuralism and semiotics, shows how and why people use objects to perform identity, achieve social status and narrativize life experiences, and analyzes everyday domains in which objects are important. It shows why studying material culture is necessary for

understanding the social This book will be essential reading for students and researchers in sociology anthropology cultural studies consumer behaviour studies design and fashion studies **The Blackwell Encyclopedia of Sociology: LE-M**

George Ritzer,2007 *The Concept of Man in Igbo Myths* Chigekwu G. Ogbuene,1999 **American Indian Culture and Research Journal** ,2006 **A Rhetoric and Philosophy of Gifts** Mary J. Eberhardinger,2021-03-19

A Rhetoric and Philosophy of Gifts synthesizes a scope of rhetorical and philosophical perspectives of the gift Eberhardinger asks What is the relationship between gifts and rhetoric She contextualizes the question throughout a review of related literature analysis examples and personal anecdotes of overseas experiences Eberhardinger concludes the book by offering implications and opportunities for interpreting gifts thereby addressing why the question concerning the relationship between gifts and rhetoric matters for the larger landscape of international relations intercultural friendship and peace making Scholars of communication rhetoric and philosophy will find this book particularly interesting **The Quest for Meaning** Marcel Danesi,2007

The Quest for Meaning is designed as a guide to basic semiotic theory and practice discussing and illustrating the main trends ideas and figures of semiotics **Gemini and the Sacred** Kimberley C. Patton,2022-10-06

Why do twins remain uncanny to those born alone in other words most of us Even with the rise of IVF and an increase in multiple births why do we still do a double take when we encounter twins Why has this been a near universal response throughout human history and how has it played out in religion and myth Through the work of leading scholars in religion folklore and mythology history anthropology and archaeology Gemini and the Sacred explores how twinship has long been imagined especially in the complex relationship of sacred twin traditions to twins on the ground in biology and lived experience The book considers the multiple ways in which the doubling of a human being may be interpreted as auspicious and powerful or suppressed as unstable and dangerous Why has this been so and how does it affect living twins today Treating both famous and lesser known twins including supernatural animal twins in the ancient Near Eastern and classical Mediterranean worlds early Christianity and Gnosticism Vedic Hindu West African Black Atlantic and native American traditions ancient

Mesoamerica Celtic Roman Britain and Scandinavia and in the special fraught bond shared by all twins the book offers a variety of perspectives on this topic of great cultural significance **Anthropos** ,2004 **Dialogicality in Development**

Ingrid E. Josephs,2003-09-30 The crucial nature of developmental theory is the question of relationship between cultural and personal facets of human development Dialogue is a useful concept to specify this relationship from a process oriented perspective In its broadest sense the notion of dialogue entails the interaction between at least two entities persons meanings perspectives out of which novelty can but need not emerge Thus dialogic models are open for developmental questions These issues are examined in this the first volume in which the increasingly popular metaphor of dialogue is systematically applied to developmental issues Dialogue is a multilevel concept and can be understood 1 as a real exchange between two interacting persons 2 as the interaction between culture at large e g stories and narratives and the interacting

developing person and 3 as a metaphor for developmental processes in general In the first part of this international volume the concept of dialogue is elaborated by researchers from different disciplines The focus of the second section is on dialogic models in the area of self development The third deals with the dialogical co development of person and culture

**The Thought World of Hindu Nationalism** Christian Karner,2006 This book analyzes textual material and qualitative data on Hindu nationalism to reveal the co existence of several self other category relations and of more elaborate schemas of interpretation in a transnationally circulating discourse often reduced to a cognitive pattern of binary us versus them distinctions The result is a theoretical approach capable of addressing the blind spots in traditional structuralism structural diversity meaning history and agency

*Antropológica* ,1997 **7th Socio-Cultural Research Congress on Cambodia, 15-17 November 2004** ,2005 *The Globalization of Pentecostalism* Murray W. Dempster,Byron D. Klaus,Douglas

Petersen,1999 This scholarly and engaging collection of essays examines the changes in academic disciplines features of the geographic regions and nuances of the cultural issues related to global Pentecostalism This book comprising a sweeping range of well documented articles on Pentecostal theology hermeneutics Missiology and the social sciences provides the student of Pentecostalism with a fresh insight into the issues and opportunities confronting Pentecostals as they head into the new millennium Here is a window of contemporary scholarship that discloses vigorous engagement with critical issues The editors have provided a resource that promises to stimulate further research and reflection
