

Mythological Atlas of Greece

Pedro Olalla

An original approach to Greek mythology
through geography and ancient literary sources

Mythological Atlas Of Greece

VM Jensen

Mythological Atlas Of Greece:

Mythological Atlas of Greece Pedro Olalla, 2002 **Mythological Atlas of Greece** Pedro Olalla, 2002 Dictionary of Classical Mythology Jennifer R. March, 2014-05-31 Jenny March's acclaimed Dictionary of Classical Mythology first published in 1998 but long out of print has been extensively revised and expanded including a completely new set of beautiful line drawing illustrations for this Oxbow edition. It is a comprehensive A-Z guide to Greek and Roman mythology. All major myths, legends, and fables are here, including gods and goddesses, heroes and villains, dangerous women, legendary creatures, and monsters. Characters such as Achilles and Odysseus have extensive entries, as do epic journeys and heroic quests like that of Jason and the Argonauts to win the Golden Fleece, all alongside a plethora of information on the creation of the cosmos, the many metamorphoses of gods and humans, and the Trojan War, plus more minor figures, nymphs, seers, kings, rivers, to name but a few. In this superbly authoritative work, the myths are brilliantly retold, along with any major variants, and with extensive translations from ancient authors that give life to the narratives and a sense of the vibrant cultures that shaped the development of classical myth. The 172 illustrations give visual immediacy to the words by showing how ancient artists perceived their gods and heroes. The impact of myths on ancient art is also explored, as is their influence in the post-classical arts, emphasising the ongoing inspiration afforded by the ancient myths. Also included are two maps of the ancient world, a list of the ancient sources, and their chronology, the more important genealogies, and an index of recurrent mythical motifs. Praise for the first edition: the Dictionary of Classical Mythology is exemplary, indeed the best I have consulted, clearly and engagingly written; it not only gives reliable answers but also encourages reading on. Simon Goldhill, *Times Literary Supplement*. A prodigious authoritative gazetteer, each entry both typographically and stylistically readable, and if you know more than is contained in these pages, then you have no need of it. Nicholas Lezard, *Guardian Book of the Week*. Greek myths pervade our own art and literature almost as much as they influenced that of classical times, and this will be an invaluable guide. *The Good Book Guide*. A modern encyclopaedia of myth and legend which is user-friendly in layout, presentation, and style, vivid and readable. Paula James, *The Classical Review*. These stories are frequently the spark that ignites a wider interest in the classical world, and March provides a wealth of inflammatory material. Charles Paterson, *JACT Review*. This dictionary will still be valuable all through the next century. Sir Hugh Lloyd Jones, *vivid, detailed, where it matters, yet concise, accurate, no padding, always to the point*; it's a joy to read. Herwig Maehler. Myths on the Map Greta Hawes, 2017-07-14 Polybius boldly declared that now that all places have become accessible by land or sea, it is no longer appropriate to use poets and writers of myth as witnesses of the unknown. And yet in reality, the significance of myth did not diminish as the borders of the known world expanded. Storytelling was always an inextricable part of how the ancient Greeks understood their environment; mythic maps existed alongside new, more concrete methods of charting the contours of the earth. Specific landscape features acted as repositories of myth and spurred their retelling; myths in turn shaped and gave sense to natural and built

environments and were crucial to the conceptual resonances of places both unknown and known This volume brings together contributions from leading scholars of Greek myth literature history and archaeology to examine the myriad intricate ways in which ancient Greek myth interacted with the physical and conceptual landscapes of antiquity The diverse range of approaches and topics highlights in particular the plurality and pervasiveness of such interactions The collection as a whole sheds new light on the central importance of storytelling in Greek conceptions of space

The Penguin Book of Classical Myths Jennifer R. March, Jenny March, 2009-10-27 The figures and events of classical myths underpin our culture and the constellations named after them fill the night sky Whether it s the raging Minotaur trapped in the Cretan labyrinth or the twelve labours of Hercules Aphrodite s birth from the waves or Zeus visiting Danae as a shower of gold the mythology of Greece and Rome is full of unforgettable stories All the stories of the Greek tragedies Oedipus Medea Antigone are there all the events of the Trojan wars and of Odysseus and Aeneas epic journeys the founding of Athens and of Rome These are the strangest tales of love war betrayal and heroism ever told and while brilliantly retelling them this book shows how they echo through the works of much later writers from Chaucer and Shakespeare to Camus and Ted Hughes Full of attractive illustrations and laid out in eighteen clear chapters the titles include Dangerous Women and Heroes Dr Jennifer March has written a fascinating guide to the myths of classical civilization that is as readable as a novel

A Dictionary of Greek and Roman Biography and Mythology William Smith, 1880 [A Handbook of Legendary and Mythological Art](#) Clara Erskine Clement Waters, 1874 *A Handbook of Legendary and Mythological Art* Clara Erskine Clement, 1873 **Manual of Mythology** Maxime Collignon, 1899 *A Handbook of Legendary and Mythological Arts by Clara Erskine Clement* Clara Erskine Clement, 1872 [Map Link](#) *Catalog* , 2008 *A Handbook of Legendary and Mythological Art* Clara Erskine Clement Waters, 1900 [Stories of Old Greece and Rome](#) Emilie K. Baker, 2019-11-20 In *Stories of Old Greece and Rome* Emilie K Baker masterfully weaves together the rich tapestry of classical antiquity presenting a collection of myths tales and legends that resonate with universal themes of heroism fate and morality The book adopts a lyrical and accessible narrative style making it suitable for both young readers and adults alike Set against the backdrop of significant historical and cultural milestones Baker s stories shine a light on the socio political context of ancient civilizations illustrating their enduring relevance in contemporary discourse Emilie K Baker a scholar of classical literature and history draws on her extensive academic background and passion for storytelling to recreate these timeless narratives with precision and flair Her dedication to preserving the myths of Greece and Rome reflects not only her admiration for ancient cultures but also her desire to connect modern audiences with these foundational stories Baker s insights into the moral dilemmas faced by characters from antiquity enrich the reading experience inviting readers to explore deeper philosophical questions This collection is a must read for those intrigued by the origins of Western literature and ideology Baker s skillful retelling makes these classic tales accessible allowing readers to appreciate the wisdom and complexity of ancient narratives *Stories of Old*
