## **Myths Of Male Dominance Collected Articles On Women Cross Culturally:**

Myths of Male Dominance Eleanor Burke Leacock,2008 This classic anthropological study debunks the many myths behind the idea of natural male superiority    Myths of Male Dominance ,2004    *Women and Freedom in Early America* Larry Eldridge,1997 It is virtually impossible to generalize about the degree to which women in early America were free What if anything did enslaved black women in the South have in common with powerful female leaders in Iroquois society Were female tavern keepers in the backcountry of North Carolina any more free than nuns and sisters in New France religious orders Were the restrictions placed on widows and abandoned wives at all comparable to those experienced by autonomous women or spinsters Bringing to light the enormous diversity of women s experience Women and Freedom in Early America centers variously on European American African American and Native American women from 1400 to 1800 Spanning almost half a millenium the book ranges the colonial terrain from New France and the Iroquois Nations down through the mainland British American colonies By drawing on a wide array of sources including church and court records correspondence journals poetry and newspapers these essays examine Puritan political writings white perceptions of Indian women Quaker spinsterhood and African and Iroquois mythology among many other topics    **Negotiators of Change**

Nancy Shoemaker,2012-11-12 Negotiators of Change covers the history of ten tribal groups including the Cherokee Iroquois and Navajo as well as tribes with less known histories such as the Yakima Ute and Pima Maricopa The book contests the idea that European colonialization led to a loss of Native American women s power and instead presents a more complex picture of the adaption to and subversion of the economic changes introduced by Europeans The essays also discuss the changing meanings of motherhood women s roles and differing gender ideologies within this context    **Relative Values** Sarah Franklin,Susan McKinnon,2002-02-22 A collection of essays that redefine and transform the field of kinship

**Biological Woman--the Convenient Myth** Ruth Hubbard,Mary Sue Henifin,Barbara Fried,1982    **Male and Female in Developing**

**South-East Asia** Karim Wazir Wazir,2021-03-10 This provocative book seeks to redress inaccuracies in Western perceptions of gender relations in Southeast Asia by bringing to the fore the area s ethnic and cultural variance and showing how women and men explain the informal and psychological dimensions of relationships as vital in holding family neighbourhood and kinship ties together Although there are differences between male and female perceptions of sex roles in society women perceive their situation as disadvantaged rather than less significant Male female interpretations of power and status tend to converge usually towards the understanding that the contributions of men and women are equally important in the formation of family and society    **Male and Female in Developing South-East Asia** Wazir-Jahan Begum Karim,1995-07-02

Examines Western perceptions of gender relations in Southeast Asia highlighting the area s ethnic and cultural variance and showing how women and men explain the informal and psychological dimension of relationships as vital in holding family neighbourho    **Science & Society** Bernhard Joseph Stern,1983 Includes section Book reviews    "Other" Voices David De

Brou,Aileen Moffatt,1995 This book compiles essays from individuals and groups of Saskatchewan women highlighting the province s diversity in race ethnicity class religion and language The book begins with an essay on the development of Saskatchewan women s history through three stages then presents essays on the interplay of ethnicity and gender in Swedish women French speaking women and homesickness Jewish women in two rural settings the Imperial Order Daughters of the Empire women and relief in Saskatoon farmers wives aboriginal women adapting to change and recent immigrant women **Journal of Women's History** ,2003 **Anthropology, the Study of Man and Occasionally Woman** Ellice B. Gonzalez,1984 The paradigm of the ideal and real model that anthropologists apply cross culturally can be used to analyze the discipline itself The ideal model of anthropology is one which is non ethnocentric comparative and by implication free of gender bias The reality of anthropological study reflects an androcentrism which is observed in the treatment of female anthropologists by the discipline in the collection of anthropological data and in the analysis of ethnographic material A feminist approach in the research setting and the classroom enables anthropologists and anthropology to overcome this inherent inconsistency in traditional anthropological thought and to approximate more closely the ideal model of anthropology **International Social Science Journal** ,2008-03 **Women's Buddhism, Buddhism's Women** Ellison Banks Findly,2000-06-15 A diverse array of scholars activists and practitioners explores how women are bringing about the change in the forms practices and institutions of Buddhism **Political Anthropology** Ted C.
