

## NAA Hydraulic Control Adjustment Procedure

First things first...

I'm assuming that you have a good hydraulic pump, and that you have already removed your hydraulic filters. If you haven't watched the VHS class tape which covers repairing the hydraulics on the NAA tractor, get it and watch it. It will cover the repair of the unit as well as the pump. This document will take up where it leaves off and cover the adjustments required to place the unit back in spec after all repairs are completed.

I will be referring to nomenclature from the Master Parts Catalog, get yours distributed along, or refer to the following image:
