Mythologie voor Dummies [pocketeditie] Christopher W. Blackwell, Amy Hackney Blackwell, 2006 Overzicht van met name de Griekse mythologie Rembrandt voor Dummies Arthur Graaff, 2006 Receptions of Antiquity Jan Nelis, 2011

This volume presents a series of papers which cover the general theme of the reception of antiquity a topic which has in recent years become a discipline in itself or what some might call a cross discipline Indeed the Nachleben of the culture of classical antiquity and of antiquity as a whole manifests in a number of diverse domains opening up the field of reception studies to scholars from disciplines other than Classics This collection of papers illustrates this diversity uniting as it does original research by scholars from a variety of disciplines classicists historians theatre historians architectural historians psychologists archaeologists artists and more all of whom have treated some aspect of the so called classical tradition by means of their own individual approaches leading to a volume rich and dense in themes and methodologies Receptions of antiquity has been written by friends of Freddy Decreus in honour of his career and in celebration of his thought
