This is a shocking work on Bonapartes life and deeds and on that period of worlds History alike The De Bourrienne first hand impressions make the difference between this book and others Louis Antoine Fauvelet de Bourrienne July 9 1769 February 7 1834 French diplomat was born at Sens He was educated at the military school of Brienne in Champagne along with Napoleon Bonaparte and although the solitary habits of the latter made intimacy difficult the two youths seem to have been on friendly terms However the stories of their very close friendship as told in Bourriennes memoirs are open to suspicion Leaving Brienne in 1787 and conceiving a distaste for the army Bourrienne proceeded to Vienna He was pursuing legal and diplomatic studies there and afterwards at Leipzig when the French Revolution broke out and went through its first phases Not until the spring of 1792 did Bourrienne return to France at Paris he renewed his acquaintance with Bonaparte They led a Bohemian life together and among other incidents of that exciting time they witnessed the mobbing of the royal family in the Tuileries June 20 and the overthrow of the Swiss Guards at the same spot August 10 Bourrienne next obtained a diplomatic appointment at Stuttgart and soon his name was placed on the list of political emigres from which it was not removed until November 1797 Nevertheless after the affair of 13th Vendemiaire October 5 1795 he returned to Paris and renewed his acquaintance with Bonaparte who was then second in command of the Army of the Interior and soon received the command of the Army of Italy Bourrienne did not proceed with him into Italy but was called there by the victorious general at the time of the long negotiations with Austria May October 1797 when his knowledge of law and diplomacy was useful in drafting the terms of the Treaty of Campo Formio October 7 The following year he accompanied Bonaparte to Egypt as his private secretary and left a vivid if not very trustworthy account of the expedition in his memoirs He also accompanied him on the adventurous return voyage to Frejus September October 1799 and was of some help in the affairs that led up to the coup d'etat of Brumaire November 1799 He remained by the side of the First Consul in his former capacity but in the autumn of 1802 incurred Bonapartes displeasure ostensibly because of questionable financial dealings In the spring of 1805 he was sent as French envoy to the free city of Hamburg There it was his duty to carry out the measures of commercial war against England known as the Continental System but it is known that he not only viewed those tyrannical measures with disgust but secretly relaxed them in favour of those merchants who plied him with douceurs In the early spring of 1807 when directed by Napoleon to order a large number of military cloaks for the army then in East Prussia he found that the only means of procuring them expeditiously was to order them from England After gaining a large fortune while at Hamburg he was recalled to France in disgrace at the close of 1810 In 1814 he embraced the royal cause and during

the Hundred Days 1815 accompanied Louis XVIII to Ghent The rest of his life was uneventful he died at Caen on February 7 1834 after suffering from a mental malady for two years     [The Maxims of Napoleon](#) Napoleon I (Emperor of the French),1970     **The Life of Napoleon Bonaparte, Vol. 4 (Classic Reprint)** William Milligan Sloane,2018-02-15 Excerpt from The Life of Napoleon Bonaparte Vol 4 Napoleon s Prospects The Preparations and Plans of the Coalition Cross purposes of the Combatants Condition of Napoleon s Mind Strength and Weakness of the Allies Renewal of Host ies The Feint in Silesia Napoleon at Dresden First Day s F ighting The Victory Won on the Second Day About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works     *The Maxims of Napoleon* Napoleon I (Emperor of the French),1908     **Maxims of Napoleon** Napoleon,2007-05-04
