Sanders, 2014-03-05 This book looks at a sample of female drug addicts seeking recovery in Narcotics Anonymous NA Through working the Twelve Steps and by attending women only groups these women are able to confront the double standard that makes recovery from addiction especially difficult *Hearing on the Fatherhood Initiative* United States. Congress. House. Committee on Education and the Workforce. Subcommittee on Early Childhood, Youth, and Families, 1998 **White Knuckles and Wishful Thinking** George Manter DuWors, 2000 Written for therapists therapists in training and patients of chemical dependency treatment a chemical dependency specialist discusses relapse itself including a dissection of what happens and what leads up to it the processes of denial acceptance and coping including what it is and how to do it better Annotation copyrighted by Book News Inc Portland OR **Fentanyl Nation** Ryan Hampton, 2024-09-24 A passionate call to abandon ineffective drug war policies reframe addiction as a public health issue and end the Fentanyl crisis The American overdose crisis has reached record breaking heights preventable overdoses are now responsible for more annual deaths than traffic accidents suicide or gun violence Fentanyl a potent inexpensive and easy to manufacture synthetic opioid has thoroughly contaminated the drug supply and while it frequently makes front page news across the country it remains poorly understood by policymakers and the public Why despite all of our efforts to raise awareness and billions of dollars of investments does this emergency keep getting worse In *Fentanyl Nation* recovery advocate Ryan Hampton separates the facts from the fiction surrounding Fentanyl and shows how overdose deaths are ultimately policy failures Instead of investing in education harm reduction effective treatment and recovery we have doubled down on more police more incarceration and harsher penalties for those caught in the grip of addiction Yet history has shown time and time again that it is impossible to arrest our way out of a public health crisis the government used the same strategy to fight the crack cocaine epidemic of the 80s and 90s and it only resulted in racially disparate policing and the destruction of marginalized communities This urgent and informative manifesto reveals how prejudice discrimination and stigma have been codified into our drug laws and calls for a compassionate and evidence based approach that would address the core causes of addiction and save countless lives We can end this crisis but only if we get out of our own way

Mosher, Scott M. it maybe Ben was cranky from fatigue an occupational hazard especially during training years That is the truth and I know because I lived through it The American people need to be informed about the reality of medical school and beyond and how doctors are affected spiritually and physically personally and professionally No one sails through it unscathed no one is immune **The New Yorker** Harold Wallace Ross,William Shawn,Tina Brown,David Remnick,Katharine Sergeant Angell White,Rea Irvin,Roger Angell,1995 **The Sociology of American Drug Use** Charles E. Faupel,Gregory Weaver,2004 Unlike most texts about drug use which are written either from a counseling psychology or physiology pharmacology point of view The Sociology of American Drug Use mainstreams the coverage for sociology and criminology programs and at the same time provides a broader sociological perspective on drug use Much of this material comes from Charles Faupel s own research experience among street heroin addicts on the East coast several chapters offer an ethnographer s perspective on the specific issues addressed while at the same time maintaining a focus on the basics of this substantive field **Let's Talk Facts about Substance Abuse** American Psychiatric Association,1988-07
