

The background of the entire image is a photograph of a wet, reflective pavement surface. The pavement is composed of large, rectangular concrete slabs separated by expansion joints. A bright, out-of-focus light source, possibly a street lamp or a car's headlights, is positioned in the upper center, creating a strong glare and reflecting off the wet surface. The reflection of the light source is visible on the pavement. The overall color palette is dominated by the greys of the pavement and the warm, hazy tones of the light reflection.
