## **Naomi Wolf Fire With Fire:**

**Fire with Fire** Naomi Wolf, 1993 Most women embrace equality but reject feminism In clear and brilliant prose the author of the best selling *The Beauty Myth* shows how this rift came about and how to close it A practical and inspiring road map for personal and political equality in our time      **The Cult of True Victimhood** Alyson Manda Cole, 2007 Demonstrates how the campaign against victim politics and the victim mentality has profoundly altered Americans understanding of victimhood and investigates the consequences of this change in politics law culture and the war against terror

**Antifeminism and Family Terrorism** Rhonda Hammer, 2002 Rhonda Hammer's *Antifeminism and Family Terrorism* presents original and provocative critical feminist perspectives on violence against women and children Hammer provides a clear and insightful analysis of the current rhetoric produced by antifeminists who would deny the seriousness of the problem and thus undercut important feminist concerns Dr Hammer documents the tragic dimensions of the brutalization of women and children in the family and the larger problem of the increasing poverty and oppression of women and children in the global economy      *Why Nietzsche Still?* Alan D. Schrift, 2000-03-08 These essays suggest a number of answers to the question Why Nietzsche still They show that Nietzsche still has a great deal to say to those who read him with an eye toward developing critical responses to the present and the future that will follow      **Race, Sex, and Gender in Contemporary Women's Theatre** Mary F Brewer, 1999-01-01 Focusing on dramatic works by contemporary British and American playwrights in conjunction with feminist political and theoretical texts this book discusses feminist constructions of the category Woman      *Feminism and the Politics of Literary Reputation* Charlotte Templin, 1995 Soon after its publication in 1973 *Fear of Flying* brought Erica Jong immense popular success and media fame Alternately pegged sassy and vulgar Jong's novel embraced the politics of the women's liberation movement and challenged the definition of female sexuality Yet today more than twenty years and several books later literary reputation continues for the most part to elude Jong Typecast by her adversaries as a media seeking sensationalist Erica Jong has been unfairly side stepped by academia Charlotte Templin contends In this carefully researched study augmented by personal interviews with Jong Templin assembles and analyzes the medley of responses to Jong's books by reviewers critics writers academics and the media by liberals conservatives and feminists She examines the diverse opinions on the merit and relevance to contemporary life of *Fear of Flying* the invocation of a high culture low culture dichotomy to discredit *How to Save Your Own Life* the anatomy of literary success with Fanny Jong's reception in a postfeminist age and the trivialization of Jong's works that is inevitable with mass media exposure Templin also shows how antagonistic reviewers tend to identify Jong with her fictitious characters a practice more common when the author is a woman and judge her to be guilty of the sin of not being a proper woman In turn she shows how reviewers reveal something of their own values and ideological biases in their critiques and how literary reputations are built destroyed and altered over time The first book to make a detailed examination of the reputation of a woman writer Feminism

and the Politics of Literary Reputation provides an excellent case study for the literary reception of women writers within a broad cultural context Templin's analysis offers valuable insight into the reception of women writers especially commercially successful women writers and dramatically illustrates the relation of literary reputation to popular appeal and cultural mores

**Undressing Feminism** Ellen R. Klein, 2002-10-22 Klein philosophy Flagler College presents a history of the three main waves of American feminism from the 1700s to the present While committed to the spirit of first generation feminists she contends that contemporary feminism's hidden political agenda is one of privilege over men rather than equality with them The text centers on the differing and often inconsistent notions of equality expressed by feminist thinkers Annotation copyrighted by Book News Inc Portland OR **Reinventing Richard Nixon** Daniel E. Frick, 2008 Examining Nixon's autobiographies and political memorabilia Frick offers far reaching perceptions not only of the man but of Nixon's version of himself contrasted with those who would interpret him differently He cites reinventions of Nixon from the late 1980s particularly the museum at the Richard Nixon Library and Birthplace to demonstrate the resilience of certain national mythic narratives in the face of liberal critiques And he recounts how celebrants at Nixon's state funeral at which Bob Dole's eulogy depicted a God fearing American hero attempted to bury the sources of our divisions over him rendering in some minds the judgment of redeemed statesman to erase his status as disgraced president With dozens of illustrations Nixon posing with Elvis the National Archives most requested photo Nixonian cultural artifacts classic editorial cartoons no other book collects in one place such varied images of Nixon from so many diverse media These reinforce Frick's probing analysis to help us understand why we disagree about Nixon and why it matters how we resolve our disagreements BOOK JACKET

**Womanspeak**, 1991 **Women's Studies Index**, 1994 Lesbians Talk Left Politics Kristina Studzinski, 1994 This timely study takes a critical look at the history of the collaborations and struggles between the Left and lesbian and gay reformers and asks how we should proceed towards an effective political agenda **The Aims of Argument** Timothy W. Crusius, Carolyn E. Channell, 2000 Elle, 2005 **Vice & Virtue in Everyday Life** Christina Hoff Sommers, Fred Sommers, 1997 *Contained Empowerment and the Liminal Nature of Feminisms and Activisms* Victoria A. Newsom, 2022-12-19 *Contained Empowerment and the Liminal Nature of Feminisms and Activisms* examines the processes by which activist successes are limited and outlines a theoretical framing of the liminal and temporal limits to social justice efforts as contained empowerment With a focused lens on the third wave and contemporary forms of feminism the author investigates feminist activity from the early 1990s through responses and reactions to the overturning of *Roe v Wade* in 2022 and contrasts these efforts with anti feminist white supremacist and other structural normalizing efforts designed to limit and repress women's gendered and reproductive rights This book includes analyses of celebrity activism girl power transnational feminist NGOs digital feminisms and the feminist mimicry applied by practitioners of neo liberal and anti feminism Victoria A Newsom concludes that the contained nature of feminist empowerment illustrates how activists must engage directly with

intersectional challenges and address the multiplicities of structural oppressions in order to breach containment      *The New Feminism* Natasha Walter,1999 Where has British feminism gone Has it retreated into the academy did it burn out at Greenham Common has it emigrated to the United States Natasha Walter discovers that there is a new feminism right here and now in Britain It is alive and kicking and speaking in the voices of young British women In defining this new feminism Natasha Walter celebrates women s growing power casts aside the dogma of previous generations and argues that the old adage The Personal is Political does more harm than good Because above all this new feminism is frankly materialist Who cares about how women dress how they talk how they make love First feminism must deliver political power and economic equality With tremendous wit verve and intelligence THE NEW FEMINISM marks out fresh ground in feminist debate

*Ending the Mother War* Jayne Buxton,1998 This book is a deconstruction of the myths that clouds emotive debates about working mothers Taking concrete examples of companies and industries Buxton presents a blueprint for a future where family friendly policies are implemented

**Women and Socialism** Sharon Smith,2005 Three decades have passed since the heyday of the women s liberation movement yet women remain oppressed the world over Mainstream feminism has shifted steadily rightward since the 1970s embracing Bush s war on Afghanistan in 2001 and even endorsing Democratic Party efforts to seek common ground with abortion opponents after Kerry s defeat in 2004 This approach has proven disastrous for women from the US to Afghanistan This collection of essays examines these issues from a Marxist perspective
