State Board of Pharmacy, 2001 **NAPLEX Nuggets** Eric Christianson, 2016-04-18 I remember what it was like to study for the NAPLEX. Overwhelming doesn't begin to describe the feeling. Where do you start? How do you prioritize and review for this gigantic exam? When I am preparing to take pharmacy exams, I have a very difficult time learning and retaining information.

from massive review books I find myself reading for 5 10 minutes and my mind begins to wander retaining nothing of what I just read After years of practice and test taking NAPLEX BCPS CGP etc I have found that I learn most efficiently by memorizing information in short important bullet points In this study guide I have selected the most commonly used medication classes and have provided you with my most highly testable pearls on each class In this book I cover over 150 medication classes which includes nearly 400 medications I have created bullet points which will help you review more efficiently and not waste your limited study time This resource is not intended to be a package insert for every medication but rather a way to try to prioritize your study process and understand the major nuggets of information that you must know to help you pass the NAPLEX The intent is to give you a brief incredibly helpful review of the most important medications you will likely be tested on the NAPLEX exam I truly hope this book helps you pass the NAPLEX the first time NAPLEX is a registered trademark of NABP Meded101 and this study guide are not affiliated or endorsed by NABP or the NAPLEX Exam
